## THE U.S. GOVERNMENT TRIED TO ISOLATE AND CONTROL ME AND THE GOVERNMENT TOLD ME THAT IT IS “IN EVERYONE”.

***Read this to find out what crimes the U.S. federal government has been committing with tax dollars. What I allege here is true. I have never had a reputation for embellishment or lying. And I never sought attention in my life.***

***Demand investigations now. Take action now!***
***Copy and share this everywhere you can! Digitally and on paper! Demand better. LET THE GOVERNMENT AND MILITARY KNOW THAT YOU DON’T WANT THEM. GET ORGANIZED AND DESTROY THE EVIL TECHNOLOGY THEY USE TO MANIPULATE YOU. God Bless and be strong.***

**THE U.S. DEPARTMENT OF DEFENSE AND THE U.S. DEPARTMENT OF WAR HAVE REPEATEDLY BEGGED ME TO CALL THEM. I REFUSED TO CALL THEM BECAUSE THERE IS NO JUSTIFIABLE USE OF THE EVIL TECHNOLOGY THAT THEY ARE USING. I DO NOT WANT TO HEAR THEIR BULLSHIT. THEY LIE THROUGH THEIR ROTTEN TEETH.**

**The U.S. Government and the U.S. Military unlawfully experimented on me using radiation, ultrasound, and wireless brain-computer interfaces. The government hurt me and tortured me and debased me and abused me and threatened to kill me and my family. On September 3, 2025, they hurt my intestines so much that I couldn’t breathe. It felt like my intestines were on fire. I had to leave my house and hide in an underground parking garage to try to escape the signal. There are many cellular antennas near where I live. The U.S. Government has physically and mentally attacked me. They mocked my Catholic faith. They told me there is “No Jesus, just God”.**

**“He will perish for lack of discipline, condemned by his own excessive folly.” - Proverbs 5:23, New Catholic Bible.**

*“Do you hear the people sing, singing a song of angry men? IT IS THE MUSIC OF A PEOPLE WHO WILL NOT BE SLAVES AGAIN. Will you join in a crusade? Who will be strong and stand with me?*

**-Adapted from Les Miserables.**

**I ASKED THE MILITARY IF I COULD HAVE A LAWYER AND THEY RESPONDED BY SAYING THAT WAS “IMPOSSIBLE”. My communication with the U.S. government occurred through the internet and through agents of the government as described in this writing.**

**There’s a quote by the German physicist Max Planck:**
***“It is impossible for humans to understand nature because, in the last analysis, we ourselves are a part of the nature that we are trying to understand.”***

# THE U.S. GOVERNMENT HAS MURDERED AMERICANS AND CONDUCTED MASS EUGENICS.

# READ THIS NOW.

**I SPEAK ONLY FOR MYSELF. I HAVE NEVER WORKED FOR THE GOVERNMENT OF THE UNITED STATES OF AMERICA.**

**I will distribute more scientific resources soon. The government has been deleting scientific articles from the internet, and they deleted my bookmarks but I still have some backed up. I PLAN TO TAKE BACK FROM THE GOVERNMENT WHAT IS MINE.**

**YOU HAVE A RIGHT TO KNOW WHAT THE GOVERNMENT DOES.**

**FOR TOO LONG YOU HAVE BEEN FED LIES AND NOW YOU WILL KNOW. I WILL NOT BE SILENCED AND I WILL NEVER REGRET SPEAKING. ALL OF THE PEOPLE IN THE WORLD DESERVE BETTER.**

**I WILL STAND UP FOR THE PEOPLE IF IT'S THE LAST THING I DO. HELP ME TO FORCE THE USA AND THE WORLD TO CHANGE.**

**THE GOVERNMENT MUST BE STOPPED.**

**THE PEOPLE WHO ARE SUPPOSED TO BE LEADING THIS COUNTRY ARE WEAK AND PATHETIC.**

**THE GOVERNMENT DOES NOT RESPECT YOU. THE LEADERS OF THIS COUNTRY ARE INCAPABLE OF GOVERNING YOU.**

**THIS EVIL EXISTS IN BOTH REPUBLICANS AND DEMOCRATS AND IN ALL PARTS OF THE GOVERNMENT.**

**THE WEALTHY ARE CORRUPT.**

**YOUR FREEDOM HAS BEEN TAKEN AWAY. YOU HAVE BEEN MADE SLAVES. THIS IS NOT AN EXAGGERATION OR A METAPHOR.**

**YOU SHOULD KNOW THAT ALL U.S. PRESIDENTS WITH THE EXCEPTION OF TRUMP (AND I'M NOT DEFENDING TRUMP) HAD ANCESTORS WHO WERE SLAVEHOLDERS.**

**I BELIEVE THAT THE MILITARY IS WHERE THE DEEP STATE RESIDES. THE ENTIRE U.S. GOVERNMENT AND MILITARY IS CORRUPT. THEY ARE THE "PUPPETMASTERS" AS THEY CALL THEMSELVES. I HAVE SEEN THAT THE GOVERNMENT AND THE MILITARY IS FRACTURING INTO FACTIONS.**

**I CALL UPON THE WORLD TO SAVE THE USA FROM ITSELF AND FROM ITS INCAPABLE AND CORRUPT LEADERSHIP. I CALL UPON ALL COUNTRIES TO EXERT PRESSURE ON THE USA AND TO ISOLATE THE USA TO FORCE IT TO CHANGE ITS WAYS.**

**THE USA AND CHINA ARE USING THIS EVIL TECHNOLOGY WORLDWIDE VIA SATELLITE COMMUNICATIONS CONSTELLATIONS SUCH AS STARLINK, KUIPER AND BAIDOU AND OTHER SATELLITES, AND ALSO VIA TERRESTRIAL 5G NETWORKS IN THE USA AND THROUGHOUT THE WORLD.**

**ALL COUNTRIES MUST STAND UP FOR THEMSELVES AND FIGHT THE HEGEMONY OF THE USA AND CHINA.**

**For a long time now I have wondered what God's plan was for me. I now know without a doubt, that my purpose of existing, aside from loving others and loving God, is to wake up the world and improve the quality of leadership in this country and around the world. I want to believe that this Earth is not forsaken, but if something isn't done soon, everyone now and in the future will be slaves, and treated like spoils to be divided between superpower nations.**

**History has a habit of repeating itself and slavery is one of the most commonly repeating themes in history. You all are becoming slaves without even knowing it. The world has lost its innocence.**

My name is Joseph James Peter Bonanno. I was born on March 12, 1989 in Winchester, Massachusetts to wonderful and loving parents. I am 36 years old. I also have a wonderful sister. When I was about 20 years old, I started to notice a lot of problems with my hormones. Before that, when I was a child, I do remember compulsively counting things and having some emotional problems. Also, when I was a child, I got a lot of headaches and migraines and I got tired easily.

I always enjoyed making friends with people from other countries, particularly people from South Korea when I was in college. I enjoyed experiencing different cultures. I found that many Americans were often bigoted and ignorant. When I was in high school I had trouble focusing, especially when I was around wireless devices, laptops, and wireless routers. At about the age of 20 years old I started experiencing hormonal fluctuations and issues. In fact, none of the five or so endocrinologist doctors that I saw could figure out why my testosterone was so low. I also started getting more unexplained headaches and migraines, which continue today. This has made it very difficult for me to live a normal life. Since that time, I have spent a significant part of most of my days reading about physics, biology, plants, metabolism, nutrition, the brain, hormones and how the body works. I was very determined to figure out what was happening to me. **I felt like I had to figure out how to live a healthy life and if doctors couldn't explain why I was sick, I thought I would figure it out by myself. I studied as much scientific literature and physics videos as I possibly could. And I did figure out what was happening to me and to many other people. For many decades, the U.S. government has been illegally experimenting on me and on society with radiation.**

My grandfather once said that God made every person perfect, and that idea made sense to me. The Book of Genesis says that it is humans who have corrupted God's creation. The selfish human desire for more has rotted the Earth, corrupted souls, and broken the moral compass of society. People are not enlightened enough to live within the balance of God's creation. **The government kept saying "become God" and "start a cult".** Much of society lacks self-discipline and the ability to forego something in the present for something in the future. Many people operate on animalistic instincts. **When humans do not have foresight, their actions negatively impact everything and everyone.** The human environmental footprint impacts the entire ecosystem and environment and the future of humanity itself. God has given me a chance to do something to stop the evil. **I will not abandon society and I will not abandon the single chance that humanity has to continue to exist into the future in its original and natural form.**

THE UNITED STATES GOVERNMENT IS USING 5G AND STARLINK SATELLITES FOR ILLEGAL MASS HUMAN EXPERIMENTATION AND SUBCONSCIOUS MANIPULATION. CHINA IS DOING THE SAME THING USING HUAWEI AND ITS SATELLITES. 5G ANTENNAS ARE ENERGY WEAPONS. THE USA IS HACKING CELLULAR INFRASTRUCTURE IN MANY COUNTRIES.

THE UNITED STATES GOVERNMENT HAS ILLEGALLY EXPERIMENTED ON ME AND TORTURED ME USING RADIATION, ULTRASOUND AND WIRELESS BRAIN-COMPUTER INTERFACES. I TOLD THEM TO STOP, BUT THEY DIDN'T STOP.

THE GOVERNMENT TOLD ME THEIR PLANS.

IF YOU HAVEN'T HEARD OF WIRELESS BRAIN-COMPUTER INTERFACES BY NOW, THEN YOU'VE BEEN LIVING UNDER A ROCK. THE HUMAN MIND HAS AN INNATE ELECTROMAGNETIC NATURE. THE GOVERNMENT HAS BEEN CONDUCTING EVIL MASS HUMAN EXPERIMENTATION USING RADIO WAVES AND RADIATION FOR DECADES. **THE U.S. GOVERNMENT IS USING TELECOMMUNICATIONS INFRASTRUCTURE TO READ THE THOUGHTS OF PEOPLE IN THE USA AND AROUND THE WORLD.** THE GOVERNMENT WANTS TO USE VACCINES, FOOD ADDITIVES, AND PESTICIDES IN ORDER TO MAKE THE POPULATION MORE RADIO SENSITIVE.

THE GOVERNMENT IS USING PEOPLE AS CANNON FODDER IN AN ELECTROMAGNETIC BASED WAR AGAINST CHINA. THE USA AND CHINA BOTH WANT CONTROL OF AFRICA AND THE REST OF THE WORLD. THAT'S WHY TRUMP WANTED TO MAKE MARIJUANA LEGAL, BECAUSE IT CHANGES BRAINWAVE PATTERNS AND WOULD MAKE IT HARDER FOR CHINA TO READ PEOPLE. THE GOVERNMENT HAS FOUND WAYS TO USE RADIATION TO INCITE AGGRESSION, OBSESSIVE COMPULSIVE DISORDER, AND

UNNATURAL SEXUAL URGES IN PEOPLE. I BELIEVE THAT THE FREEMASONS HAVE ALSO BEEN INVOLVED IN THIS EVIL TECHNOLOGY FOR DECADES.

THE U.S. MILITARY CONTACTED ME IN APRIL OF 2025. THEY SAID THAT MY “PATTERN” WAS DIFFERENT. THEY SAID THAT I WAS THE “LAST ONE”. I HAVE PROOF. THEY SAID THEY WANT MY DNA. I REFUSED. THE MILITARY SAID THAT THEY WANT TO CLONE ME. I REFUSED. THE USA AND THE UK HAVE ALREADY STARTED TRYING TO MAKE SYNTHETIC DNA. THE MILITARY SAID THEY WANT ME TO MAKE CHILDREN WITH AFRICAN WOMEN. I REFUSED. CHINA IS USING THIS EVIL TECHNOLOGY IN AFRICA. THE UNITED STATES KNEW WHAT CHINA WAS REALLY DOING WITH HUAWEI AND TIKTOK. THE USA DIDN’T WANT TO STOP WHAT CHINA AND HUAWEI WERE DOING BECAUSE THE U.S. GOVERNMENT WANTED THIS EVIL TECHNOLOGY FOR ITSELF. THE GOVERNMENT IS USING SOCIAL MEDIA AND EAVESDROPPING TO TRAIN THEIR SIGNAL ANALYSIS MODELS. I AM ULTRA SENSITIVE TO WIRELESS RADIATION. THEY SAID THAT I HAD SPECIAL ABILITIES AND THEY WANTED TO TAKE THEM. I REFUSED. THE GOVERNMENT TORTURED ME AND TRIED TO KILL ME BY TURNING UP THE SIGNAL TO ACTIVATE THE ION CHANNELS IN CONNEXIN 43 TO TRY TO CAUSE ME A HEART ATTACK. THE GOVERNMENT ALSO TORTURED ME BY MAKING ME FEEL LIKE MY INTESTINES WERE BEING PULLED OUT.
I HOPE THAT THE GOVERNMENT OF THE USA COLLAPSES.

THIS EVIL TECHNOLOGY USES THE RECENT ADVANCES IN WIRELESS BRAIN-COMPUTER INTERFACES AND ARTIFICIAL INTELLIGENCE SIGNAL ANALYSIS. THIS IS THE REAL REASON FOR PROJECT STARGATE. THE USA WANTS TO USE THE COMPUTING POWER IN PROJECT STARGATE TO READ THE NEURAL SIGNALS FROM EVERYONE IN THE USA AND AROUND THE WORLD. THE REASON WHY THE UK HAS RECENTLY DECIDED TO ADD FOLIC ACID TO FOOD IS BECAUSE FOLIC ACID INCREASES RADIO SENSITIVITY IN SOME PEOPLE. THE USA HAS BEEN ADDING FOLIC ACID TO FOOD FOR DECADES. FOLIC ACID IS DIFFERENT THAN NATURAL METHYLATED FOLATES IN VEGETABLES.

NEURONS IN THE HUMAN MIND HAVE ELECTROMAGNETIC NATURE CAUSED BY OSCILLATIONS IN VOLTAGE GATED CONNEXIN GAP JUNCTION HEMICHANNELS AND ION CHANNELS. THERE HAS BEEN LOTS OF NEWS ABOUT HOW THOUGHTS CAN BE READ FROM BRAINWAVES. HEMICHANNELS AND ION CHANNELS IN THE BRAIN FORM THE BASIS FOR BRAINWAVES. 5G FREQUENCIES DIRECTLY MATCH THE FREQUENCIES OF THE RESONANCE OF NEURONAL ION CHANNELS. THE GOVERNMENT USED ARTIFICIAL INTELLIGENCE AND SUPERCOMPUTERS TO MAP THE BRAIN AND THE NEURONS AND ION CHANNELS INVOLVED IN THOUGHT FORMATION. THEY EXPERIMENTED ON HUMANS AND ANIMALS TO FIND THE FREQUENCIES. THEY USE SOMETHING CALLED HIGUCHI FRACTAL TIME SERIES LINEARIZATION TO CONVERT IMAGES INTO ELECTROMAGNETIC SIGNAL MODULATIONS IN A WAY THAT THE BRAIN CAN DECODE. THEY USE THESE SIGNALS TO IMPLANT IMAGES AND ALSO INTRUSIVE THOUGHTS.

SCIENCE HAS SHOWN THAT THE MIND OPERATES USING FRACTAL PATTERNS.

THERE HAS BEEN A MASSIVE DECADES LONG COVER UP. THE FREEMASONS ARE ALSO INVOLVED. THE GOVERNMENT HAS BEEN COVERTLY ARRANGING MARRIAGES TO MAKE MORE OF THE POPULATION RADIO SENSITIVE. I BELIEVE THAT THE GOVERNMENT COVERTLY INFLUENCED WHO MY COUSIN AND UNCLE MARRIED. THE GOVERNMENT IS ALSO COLLECTING THE DNA OF THE POPULATION TO USE IN ILLEGAL EXPERIMENTS. THE GOVERNMENT WANTS TO USE RADIO SENSITIVE PEOPLE AS SPIES AND SOLDIERS. THE GOVERNMENT OF THE USA WANTS RADIO SENSITIVE PEOPLE TO MAKE CHILDREN WITH POLITICAL LEADERS IN THE USA, IN AFRICA, IN FRANCE, IN ASIA, AND IN OTHER COUNTRIES SO THAT IMPORTANT PEOPLE AND SOCIETIES CAN BE INFLUENCED AND MANIPULATED BY THIS EVIL TECHNOLOGY. THE USA IS ALSO USING THIS EVIL TECHNOLOGY TO INCITE RIOTS AND INSTABILITY IN

**OTHER COUNTRIES. THE USA ALSO WANTS TO USE THIS EVIL TECHNOLOGY TO INFLUENCE AND MANIPULATE EVERY PERSON ON EARTH.**

**AMERICANS ARE LIVING IN A DYSTOPIAN SURVEILLANCE STATE. THE GOVERNMENT SAID THAT THEY ARE "IN EVERYONE" IN THE WORLD. THE GOVERNMENT IS TRYING TO FIGURE OUT HOW TO ERASE MEMORIES AND IMPLANT FALSE MEMORIES. THE GOVERNMENT HAS A HISTORY OF EVIL MASS EXPERIMENTATION. THE GOVERNMENT IS CONTROLLING ALL MEDIA.**

## THE UNITED STATES GOVERNMENT HAS ILLEGALLY EXPERIMENTED ON ME AND TORTURED ME USING RADIATION, ULTRASOUND AND WIRELESS BRAIN-COMPUTER INTERFACES. I TOLD THEM TO STOP, BUT THEY DIDN'T STOP.

**THE GOVERNMENT HURT ME AND MY FAMILY AND THEY THREATENED TO KILL AND MAIM ME AND MY FAMILY. THE MILITARY IS FRACTURING INTO FACTIONS. TRUMP IS ACTING LIKE A DICTATOR AND THE DEEP STATE IS EVIL.**

**THE GOVERNMENT IS SUBLIMINALLY INFLUENCING YOU IN YOUR DREAMS AND ALSO WHEN YOU'RE AWAKE WITHOUT YOU NOTICING AND THEY ARE READING AND LISTENING TO EVERY THOUGHT YOU THINK. ONLY SOME PEOPLE CAN FEEL THE EFFECTS, BUT THEY ARE DOING IT TO EVERYONE. IF YOU'VE EVER SEEN SOMETHING ON YOUTUBE OR ONLINE THAT RESEMBLED WHAT YOU WERE THINKING, THAT'S NOT SOME "ALGORITHM", THAT'S THE GOVERNMENT READING YOUR MIND USING EVIL ELECTROMAGNETIC BASED TECHNOLOGY AND ARTIFICIAL INTELLIGENCE.**
**AND 5G IS BEING USED FOR MASS EUGENICS BY CAUSING CERTAIN PEOPLE BRAIN CANCER AND NEUROLOGICAL AND IMMUNOLOGICAL DISEASE. ILLEGAL GOVERNMENT EXPERIMENTATION IS THE CAUSE OF HEADACHES AND MIGRAINES, AND THE RISE IN BRAIN CANCER AND MENTAL ILLNESS. AN INFLUX OF CALCIUM FROM ELECTROMAGNETICALLY MANIPULATED ION CHANNELS IS A CAUSE OF MIGRAINES AND OTHER SYMPTOMS AND DISEASES. I BELIEVE THAT THIS IS THE REASON WHY RFK JR. DISCOURAGED THE USE OF TYLENOL (ACETAMINOPHEN), BECAUSE ACETAMINOPHEN INTERFERES WITH THE SENSITIZATION OF CALCIUM ION CHANNELS AND CAN REDUCE PEOPLE'S RADIO SENSITIVITY.**

**THE GOVERNMENT IS USING THIS EVIL TECHNOLOGY FOR CONTROL AND MANIPULATION AND FOR OTHER EVIL PURPOSES. I READ THAT BIG TECH COMPANIES EVEN WANT TO USE THIS EVIL TECHNOLOGY TO IMPLANT DREAMS FOR ADVERTISING.**

**THE GOVERNMENT IS PLANNING TO DO MORE EVIL THINGS WITH 6G AND TERAHERTZ RADIATION, ESPECIALLY REGARDING GENETIC MUTATIONS AND DNA CONFORMATION.**

**THE ENTIRE GOVERNMENT OF THE USA IS CORRUPT AND ROTTEN. POLITICIANS ARE LYING AND LAUGHING AT THE PUBLIC.**

**THE MILITARY HAS ALSO THREATENED POLITICIANS. THE U.S. GOVERNMENT IS ILLEGALLY USING PUBLICLY FUNDED MILITARY CAPABILITIES AGAINST AMERICAN CITIZENS. THE U.S. MILITARY HAS ILLEGALLY ABDUCTED AMERICAN CITIZENS AND EXPERIMENTED ON THEM OVERSEAS. THE U.S. GOVERNMENT HAS COMMITTED CRIMES AGAINST HUMANITY.**

**THE U.S. GOVERNMENT HAS SECRETLY SPENT BILLIONS OF DOLLARS ON THIS ILLEGAL TECHNOLOGY.**

GOVERNMENTS AND PEOPLE IN AUSTRALIA, THE UK, EUROPE, INDIA, AND ISRAEL HAVE BEEN WORKING WITH THE U.S. GOVERNMENT ON THIS ILLEGAL EXPERIMENTATION. THE U.S. GOVERNMENT TOLD ME “THERE’S NO JESUS, JUST GOD”.

THE ANTENNAS AND THE SATELLITES NEED TO BE DESTROYED AND LIGHT BASED COMMUNICATIONS SHOULD BE USED. THE GOVERNMENT HAS BEEN SUPPRESSING DEVELOPMENT OF LIGHT BASED WIRELESS COMMUNICATIONS, SUCH AS Li-Fi AND FREE SPACE OPTICAL LASER SATELLITES.

THE GOVERNMENT EXPERIMENTS ON PEOPLE WHO SHOW SYMPTOMS OF OBSESSIVE COMPULSIVE DISORDER, ANXIETY, SCHIZOPHRENIA, MISOPHONIA, PAREIDOLIA, ASPERGER’S SYNDROME, AND OTHER MENTAL HEALTH CONDITIONS. DOCTORS AND HOSPITALS ARE ALSO INVOLVED. I HAVE PROOF.

I HAVE WITNESSED THE GOVERNMENT TARGET MOSQUES AND ISLAMIC CENTERS WITH HARMFUL RADIATION. I AM ABLE TO FEEL ELECTROMAGNETIC RADIATION. I GOT SEVERE MIGRAINES WHEN I WAS NEAR CELLULAR ANTENNAS POINTED AT A MOSQUE AND AN ISLAMIC CENTER.

STAY AWAY FROM ALL MICROPHONES WHEN YOU SPEAK. THERE ARE MICROPHONES IN ALMOST ALL ELECTRONICS, INCLUDING IN TELEVISIONS, WIRELESS ROUTERS, CARS, AND MEDICAL DEVICES. ALSO, DON’T LISTEN TO MUSIC OR ANY SOUNDS NEAR MICROPHONES. STAY AWAY FROM MICROPHONES. THEY USE MICROPHONES TO TRAIN THE SIGNAL ANALYSIS MODELS. THEY ARE USING SMALL CELL ANTENNAS TO SEE INSIDE YOUR HOUSE. THEY SUBTRACT THE DIFFERENCE IN SIGNAL BETWEEN ANTENNAS TO SEE MOTION.

THIS EVIL TECHNOLOGY IS WHY TRUMP DECLARED CONTROL OF THE FCC BY EXECUTIVE ORDER. TRUMP WANTS TO USE THE INSURRECTION ACT TO PROTECT WIRELESS INFRASTRUCTURE. TRUMP IS PART OF THE SAME SWAMP HE SAID HE’D CLEAN UP. THE DEEP STATE IS COLLUDING WITH CHINA.

**TECHNOLOGY AND MEDIA HAVE BRAINWASHED THE WORLD AND THE USA HAS DESTROYED THE HEALTH OF HUMANITY.**

**ALSO, THE GOVERNMENT ILLEGALLY INFLUENCES MAINSTREAM MEDIA.**

**IF THE GOVERNMENT TRIES TO APPROACH ME, I WILL CHEMICALLY DESTROY MY DNA. IF I DIE, I WISH THAT MY BODY IS TURNED TO ASH BY CREMATION IN ACCORDANCE WITH THE CATHOLIC CHURCH.**

**I DO NOT WANT ANY GOVERNMENT OR RESEARCHERS TO EVER HAVE POSSESSION OF MY BODY.**

**THE PHYSICAL WORLD IS ONLY A SMALL PART OF GOD’S CREATION.**

**IN HEAVEN THERE IS ETERNAL LIFE.**

**THE U.S. DEPARTMENT OF DEFENSE AND THE DEPARTMENT OF WAR HAVE REPEATEDLY BEGGED ME TO CALL THEM. I REFUSED TO CALL THEM. THERE IS NO JUSTIFIABLE USE OF THE EVIL TECHNOLOGY THAT**

**THEY ARE USING. I DO NOT WANT TO HEAR THEIR BULLSHIT. THEY LIE THROUGH THEIR ROTTEN TEETH.**

**For all of you who believe or heard that 5G is being used for mind reading or mind control, you are not delusional. This evil technology is real and it has been in development for decades. I now know that the government has been illegally experimenting on me AND MANY OTHERS for years. In April of 2025, the U.S. government contacted me and told me what they were doing. The government has murdered and disappeared people to try to keep this evil technology secret. 5G wireless is not needed for faster data speeds. The U.S. government and other governments want to use 5G because 5G frequencies are frequencies which interact more with neurons and gap junctions and ion channels. Ion channels are the basis for brainwaves.**

**YOU MAY HAVE HEARD IN THE NEWS ABOUT BRAIN COMPUTER INTERFACES AND "INTERNAL MONOLOGUES".**

**The military generals said they were reading my thoughts "like a book".**

**There are studies describing the interactions between the human brain and electromagnetic waves. The government has found a way to merge together the advances in decoding neural patterns with advances in biophysical sciences and signal processing and machine learning language models in order to read people's inner monologues, their thoughts, their emotions, what images they are imagining in their minds, and more, using cellular infrastructure and even communications satellites.**

**I kept getting severe headaches and migraines for at least the past 7 years whenever I was near wireless devices and cell tower antennas. I have always been affected by non-ionizing radiation. I am probably one of the people who is most ultra sensitive to radiation and who didn't get brain cancer. The government said that I am ultrasensitive to non-ionizing radiation and they said that "I'm the best". That's one of the reasons why the government wants to experiment on me. They said they want to image my brain with a Thorlabs multiphoton microscope. As soon as they said that it would be "noninvasive", that's when I realized that they want to dissect me alive. I refused. I quickly realized that the only way that I could protect myself was if I was willing to kill myself. The government said that they believe my DNA and neuron structure has vast potential for all kinds of scientific discoveries. I am not the only one that the government wants to**

experiment on. They said that they would abduct me, experiment on me, and then drug me to make me forget. They said that they already abducted other people. The USA has one of the worst governments in the whole world.

THE MILITARY IS ILLEGALLY EXPERIMENTING ON AND TORTURING MANY OTHER PEOPLE LIKE ME. The military will try to bribe them. The military will try to steal people's DNA. Once the military steals someone's DNA, the military wants to either kill them or take away their abilities by causing them cancer or by using gene editing so that the people who have genetic gifts can no longer pass them on to other people. That's the logic that I used that has so far kept me alive. You need to know that the government is very sneaky and manipulative and you MUST NOT TRUST THE GOVERNMENT OR ANY STRANGERS. Do not share your DNA. Do not let your blood be drawn at the doctors and be careful about going to the dentist, etc. Do not use DNA ancestry tests.

THE GOVERNMENT IS RESPONSIBLE FOR THE RISE IN BRAIN CANCER AND FOR THE RISE IN NEUROLOGICAL DISEASES. THE GOVERNMENT HAS KILLED INNOCENT AMERICANS WITH THIS EXPERIMENTATION. I REPEATEDLY TOLD THEM TO STOP AND THEY NEVER STOPPED. THEY WILL BURN IN HELL FOR THIS. I'M NOT GOING TO HELP THEM.

The “leaders” in the government and in the military are completely unqualified to be in their positions. They are over reactive, easily offended, short sighted, and completely evil and they have no redeemable qualities. They are

**easily corrupted by large corporations. They wrongly think that everyone can be corrupted. They showed me a video on YouTube that said JFK was assassinated because he couldn't be "bought".**

**The UK and Israel and Australia and India are close collaborators with the USA on this evil and illegal technology.**

**ONE OF THE REASONS WHY THE TRUMP ADMINISTRATION IS TRYING TO LEGALIZE MARIJUANA IS BECAUSE THEY DO NOT WANT CHINA TO BE ABLE TO USE SATELLITES TO READ THE BRAINWAVES OF PEOPLE IN THE USA. MARIJUANA AND NICOTINE INTERFERE WITH RADIOSENSITIVE NEURONAL PROCESSES AND GENES.**

**I was thinking about buying a high tech oscilloscope and a powerful computer to use signal analysis software like Matlab in order to record the signals and decode their modulation, but the kind of oscilloscope needed to detect frequencies up to 40 gigahertz is very expensive.**

**A while back, I tried to get a prescription medicine for my obsessive compulsive disorder (abbreviated as "OCD") but the pharmacy never got the prescription from the doctor. I didn't bother calling about it because I wasn't too excited about the idea of taking medicine, anyway. The psychiatrist I saw is named Dr. Kyle Williams. I only saw him once. Dr. Kyle Williams is the same psychiatrist that my sister uses. My OCD was very bad and I wanted to stop my OCD. Now I know that the government was causing my OCD. I had a suspicion that my headaches and OCD were connected because often my OCD got worse when I got headaches and migraines. Dr. Kyle Williams said that he has many patients with OCD and he said that one of them even tried transcranial magnetic stimulation and that didn't help her. I BELIEVE THAT THE GOVERNMENT IS LOOKING FOR THAT WOMAN AND OTHER PEOPLE WITH SYMPTOMS OF OCD AND MENTAL ILLNESS BECAUSE OCD CAN BE AN INDICATION OF RADIOSENSITIVITY.**

**The government is looking for more people to illegally experiment on. The government is particularly interested in experimenting on people who have schizophrenia, autism, obsessive compulsive disorder, bipolar disorder, anxiety and PTSD.**

**The U.S. government and the U.S. military continue to illegally experiment on me against my will. They said that I was a “cunt for crying” when they hurt and tortured me. I WILL NOT LET THEM ESCAPE JUSTICE. THE PEOPLE RESPONSIBLE FOR THIS ATROCITY MUST BE PUT IN PRISON AND THE AMERICAN PUBLIC NEEDS TO KNOW ABOUT THE CRIMES THAT THE MILITARY AND THE GOVERNMENT ARE COMMITTING.**

**THE GOVERNMENT SAID THEY WILL CONTINUE TO TRY TO SLANDER ME AND LIE ABOUT ME. YOU SHOULD KNOW THAT IT WAS THE GOVERNMENT WHO WAS RESPONSIBLE FOR MY PHYSICAL AND EMOTIONAL ILLNESS THROUGHOUT MY LIFE. THE GOVERNMENT DOESN’T CARE ONE BIT ABOUT WHO IT HURTS. THE GOVERNMENT POLLUTES AND DESTROYS EACH AND EVERY PART OF THE ENVIRONMENT AND FOOD SUPPLY.**

**POLITICIANS AND COMPANIES MANIPULATE PEOPLE. SOCIETY IS BEING BRAINWASHED AND THE “ELITES” HAVE CORRUPTED THE PEOPLE WHO ARE SUPPOSED TO BE DOING THE RIGHT**

**THINGS. MANY NATIONAL SECURITY LAWS ARE OPPRESSIVE AND UNJUST.**

**The military and the government have found a way to communicate with people in their dreams and also while awake via intrusive thoughts. I am not a conspiracy theorist. I am not a schizophrenic. I have a bachelors degree with academic honors and I have had several jobs and volunteer positions in my life. I have never been hospitalized for any mental illness. THIS IS NOT ANY KIND OF PSEUDOSCIENCE. This is real science that the government is desperately trying to cover up.** ***The government has found ways to use fractal signaling to interact with electron interactive crystal lattice structures of ion channels in neurons. The government linearizes fractals using time series and then modulates signals using those time series. The government used fractal modulations to implant images, dreams, and thoughts in in my mind.***

**They also see what I look at if I focus on an object for at least a few seconds.**

**This is similar to computer decoding of animal and whale languages, like project CETI, which has been in the news. They even made my sister's dog have nightmares. They have made my father twitch a lot while he was sleeping and they had my sister's doctor, Dr. Kyle Williams, take my sister off of a dopamine suppressor in order to also illegally experiment on her.**

**The government used me, against my will, to further develop this evil technology. I think they use something called a "RF linearizer" to adjust the signal. I can still sense the adjusted signal. They are interfacing their mind reading wireless systems with their traditional intelligence computer systems to pick up words in your thoughts, like "nuclear" and "kill" and "China" and "U.S. government" and similar words. I know this because they told me and because if I think of these words, the signal becomes stronger and I can feel it more.**

**The government first started communicating with me over the internet in the beginning of April of 2025, right after I looked up the laws about illegal abortions in Indonesia (keep reading for more information about that). They hacked social media and video and music websites in order to communicate with me. They said that I was "pretty fast for a fat fuck". They told me that Air Force pilot training is very expensive and that if I were to say something to Indonesian authorities about Patricia's abortion, their pilot would get in trouble. I also think that they were trying to test me to see if I would be compliant.**

**I saw in the news that there were a couple of security incidents at the CIA headquarters. I remained skeptical about what they were up to. Being a government skeptic and being aware of the poor human rights reputation of the United States, I was smart enough not to trust them. They started playing video clips on YouTube from "The Chosen" where**

**Jesus asks who touched him and who took his "energy". They showed me a clip from that movie where a Roman military general said "Jesus, I don't know what to do with you". And also they showed me a clip where Jesus healed a woman. That's when I realized that the government of the USA wanted to experiment on me because of my electrohypersensitivity.**

**INITIALLY WHEN I REALIZED THIS, I WAS SCARED. BUT I TRIED TO REMAIN AS CALM AS POSSIBLE.**

**Later on in April, they told me they wanted me to work at the CIA. I refused.**

**They said "I could have any job I wanted". I refused. They showed clips from the movie Top Gun and others. I kept talking into my phone and they kept responding with different television and movie excerpts and songs. They said I would be a "great leader". They showed me the face of General Fenton and they told me to go to the CIA headquarters in Washington. I refused. They kept hijacking YouTube and YouTube Music to show me content in response to my questions. I would speak into my phone, without making or receiving any calls, and the government would respond by changing what appears on YouTube and other websites.**

**THEN, IN LATE APRIL OR EARLY MAY, THE GOVERNMENT TOLD ME THEY WERE READING MY THOUGHTS. I asked how they were doing that and they showed me a picture of a cell phone tower.**

**NOW I REALIZE THAT THE GOVERNMENT HAS PLANNED AND ENGINEERED THIS EVIL AND ILLEGAL EXPERIMENTATION. THE FDA, HEALTH ORGANIZATIONS, VITAMIN SUPPLEMENT COMPANIES, PHONY MEDICAL RESEARCH, THE FCC, THE CIA, AND THE MILITARY, CORRUPT POLITICIANS, THE FREEMASONS, AND OTHERS HAVE ALL PLANNED AND CREATED THIS EVIL AND ILLEGAL TECHNOLOGY.**

**It is apparent now that the government has, for many years, been curious about me and my tin foil. I remember at least three occasions where strange cars would drive by and park in front of where I used to live in North Andover.**

**It was difficult for me to go outside because of the wireless radiation, so I spent a lot of time talking to people online from different countries and learning about their cultures.**

**THIS EVIL TECHNOLOGY CREATES A DISINCENTIVE FOR GOVERNMENTS TO PROPERLY GOVERN SOCIETY. I BELIEVE THAT THIS EVIL TECHNOLOGY IS THE**

**REASON FOR MANY OF THE PROBLEMS THAT THE WORLD IS CURRENTLY FACING.**

**MANY POLITICIANS AND REPRESENTATIVES OF THE PEOPLE HAVE BEEN COMPROMISED AND CORRUPTED BY THE MILITARY AND BY THE FREEMASONS. THE MILITARY ALSO ILLEGALLY INFLUENCES STATE GOVERNMENTS.**

**I have experienced severe migraines, vomiting, tremors, anxiety, and severe symptoms of obsessive compulsive disorder for at least the past 7 years to the point were I couldn't go outside or leave my home. I am hypersensitive to electromagnetic fields, like cell phone networks and wireless internet networks. I have spent a lot of the last 6 years reading and researching about biological interactions with radiation, specifically the biological effects of non-ionizing radiation, in order to try to help myself understand what was happening to me.**

**I realized that the medical profession was completely ignorant, negligent and clueless when it came to biophysics and biological environmental interactions. The medical curriculum in the United States is controlled by a Washington D.C. based organization.**

**I have concluded that the U.S. government has been intentionally covering up the biological effects of non-ionizing radiation and has been manipulating medical school curriculums to teach doctors to ignore patient's concerns. If you had read or heard from health organizations that non-ionizing radiation doesn't pose any health threat, they're wrong and lying. The government has been actively concealing the health effects of wireless infrastructure since the 1960s, when the voltage gating potential in gap junction hemichannels was discovered. In fact, modern day wireless infrastructure is a microwave weapon and resembles military grade radar. The U.S. government has been involved in a decades long evil project and quest to gain the ability to read minds and influence subconscious thoughts.**

**THE GOVERNMENT HAS BEEN INCREASING THE SIGNAL IN WIRELESS INFRASTRUCTURE TO TRY TO INDUCE GENETIC MUTATIONS AND CANCER. The government is looking for people with radiation induced mutations from non-ionizing radiation WHO DON'T HAVE CANCER.**

**Ideas about mind reading have existed since the time of the Egyptians.**

**Recently, the government has changed their signal modulations to be less visible on oscilloscopes, to try to evade detection. The government is still illegally reading my thoughts and the thoughts of other people. The Chinese government and the U.S. government are both doing the same evil things. They seek complete control over everyone's minds.**

**ALSO, THE U.S. GOVERNMENT AND THE MILITARY ARE ACTIVELY RESEARCHING THE POTENTIAL OF USING**

**TERAHERTZ RADIATION (THE KIND OF RADIATION IN 6G TECHNOLOGY) TO CAUSE GENETIC CHANGES IN THE POPULATION. THE U.S. GOVERNMENT MUST BE STOPPED. THEY WANT TO DESTROY HUMANITY. THIS EVIL TECHNOLOGY IS ALSO BEING USED FOR EUGENICS. THE GOVERNMENT IS GUILTY OF KILLING INNOCENT AMERICAN CITIZENS BY CAUSING HIGHER RATES OF BRAIN CANCER AND OTHER DISEASES.**

**Look at the brain cancer statistics for yourself.**

**The government wants to identify people with natural “superhuman” abilities. The CIA has been searching for people with exceptional abilities for a long time, at least since Project MK ULTRA (MK meaning Mind Control) and also since the Gateway project in the 1970s.**

**The government also wants to affect the genetics of future world leaders and politicians by having people like me make children with popular and well known people and politicians.**

**The U.S. government told me that they want to influence geopolitical events by manipulating people’s thoughts. The government has found ways to influence my thoughts when I am awake and also when I am sleeping. The government said that they are looking for more people like me. THEY ALSO SAID THEY WANTED TO CLONE ME. I REFUSED. They found a way to implant dreams in my mind when I am sleeping and they have spoken to me in my dreams when I was sleeping.**

**They showed me many pictures of celebrities who have autoimmune diseases who they want me to have children with. The government thinks that people with immunological and neurological diseases and people who are electrohypersensitive could make children who are electrohypersensitive. The government said to me that they would then manipulate and influence those people in the same way that they have tried to manipulate and influence me. The government said “This is the way”. The U.S. government is an embarrassment to the people of this country.**

**For those of you who also noticed things online that were very similar to or exactly reflecting what you were seeing, know that what you experienced was no “marketing algorithm”. If that happened to you, know that your thoughts were read by the government. The government was**

showing me, on the internet, specific words and things that I was thinking of before I even looked anything up. I was refreshing YouTube and the videos and music kept changing to reflect and respond to what I was thinking.

They said that they were reading my thoughts using the cellular networks. They kept asking me if I had an implant in my brain. The seemed shocked that I was able to interact naturally with the radiation. They kept thinking that I was a Chinese spy. They kept showing me lots of Chinese writing to see if I could read any of it. I don't speak Chinese and I cannot read Chinese. I'm not a spy.

I think they eventually believed that I didn't have any implant in my brain when they started changing the frequencies and when they also hurt my stomach and testicles and heart muscle. They realized that all of my body is electrohypersensitive. They even found a way to induce Parkinson's disease type shaking in me to the point where I couldn't stand up. THE U.S. GOVERNMENT SAID THAT THEY KNEW THAT THEY WERE BREAKING THE LAW BY EXPERIMENTING ON ME.

I told them that I would force them to retract all of their studies and research and that I would tell the world what they are doing. The generals labeled me a "LEFTIST" for caring about human rights. My political affiliation is INDEPENDENT. When they got upset they turned up the signals very high and hurt my testicles and my heart to the point where I started crying and begged them to stop. I purchased a lot of lead sheets, EMF blocking paint and other things to try to block the signal, but they still hurt me. One of them tried to prevent me from shopping online for personal protective equipment. I couldn't block all of the signal. They turned up the signal power a lot.

My stomach and intestinal enteric neurons are extremely sensitive and the government terrorized and tortured me. They told me that they knew they were hurting me. I was wearing all sorts of protective equipment on my head and I was trying to hide in my bed covered with lead sheets and leaded rubber shields. Even when I went somewhere else, they read my thoughts. I noticed that wherever I went I would always see a police car drive by, especially when I was waiting in the car in a parking lot. The government said that they do not want any other country to get my genes. The government said that if they can't have me "then no one can". It's not up to the U.S. government what I do with my life.

I told them that getting rid of payphones was a stupid idea. Shortly after I said that, someone in Vermont started making payphones. I told them to jam the signals in space and use light. I said that if Boeing can't build planes, then tell Boeing to build satellites to jam the Chinese signals. The government said that they don't want to stop using this evil technology. The government also told me that they wanted this evil mind reading technology to "clean up society". The government is using this evil brainwave reading technology to read people's "inner monologues" in order to remove from society people that they don't like. There are hundreds of Chinese satellites communicating with Chinese spies in the USA. THE U.S. GOVERNMENT IS ILLEGALLY USING ALL OF THE TERRESTRIAL WIRELESS NETWORKS AND THE SATELLITE NETWORKS TO READ

**EVERY AMERICAN'S THOUGHTS AND THE THOUGHTS OF PEOPLE IN OTHER COUNTRIES.**

# PEOPLE WILL TRY TO DENY THE EXISTENCE OF THIS EVIL TECHNOLOGY BECAUSE THEY ARE AFRAID OF HOW SOCIETY WILL REACT. THE GOVERNMENT KNOWS THAT WHAT IT IS DOING IS EVIL.

**THE MILITARY TOLD ME THAT THEY WANT ME TO GO TO MIAMI, CALIFORNIA, NEVADA AND AREA 51. I REFUSED.**

**The government used the LTE and Wi-Fi signals to sensitize people's ion channels and induce enzymatic and epigenetic mutations in preparation for 5G and mmWave. 5G and mmWave frequencies interact directly with ion channels. Ion channels form the basis for brainwaves.**

**When I figured out what they were planning, at first they were impressed and called me smart but then they got afraid when I started to speak about morals and ethics and "right and wrong". They are a bunch of scumbags. They shouldn't treat people this way. They fight to keep a corrupt government in power and they have no honor. I REFUSE TO LET THE U.S. GOVERNMENT AND THE MILITARY TURN THIS COUNTRY INTO A SHIT HOLE. BY THE WAY, THE PEOPLE AT THE TOP IN THE MILITARY ARE NOT VERY SMART.**

**In combination with the payphone guy I saw in the news in Vermont, the soldier priest guy at the Carmelite friary in Brighton who said that he went to Saint Michael's College in Vermont, and also a woman I think they called Valerie who I saw walking in front of my house looking at me who was wearing a Vermont sweatshirt, I think one of the Generals or someone high up in the Military or the CIA, or even a senator, has a strong connection to Vermont.**

**I told the military that they are only supposed to be defensive as indicated in the name "Department of Defense". Recently, Trump changed the name of the Department of Defense to the "Department of War".**

**My name is Joseph J.P. Bonanno and I live in Arlington, Massachusetts. I am 36 years old. I have experienced severe migraines, vomiting, and severe obsessive compulsive disorder symptoms for at least the past 7 years. I was always negatively affected when I was near wireless routers. I had a lot**

**of trouble concentrating when I was near wireless routers. The government hacks all the wireless routers in the world.**

**The government is illegally using radiation to induce electrohypersensitive mutations and also to experiment on people. The government is using experimental modulations radiated from cellular infrastructure and satellites and is spying on you using cameras and microphones in your electronic devices to see if there is any health or behavioral reaction.**

**I am hypersensitive to electromagnetic fields, like cell phone networks and wireless internet networks. I have spent a lot of the last 6 years reading and researching about biological interactions with radiation, specifically the biological effects of non-ionizing radiation. I tried to help myself using natural remedies, mostly because I realized that many in the medical profession are completely ignorant, negligent and clueless when it came to biophysics and biological environmental interactions and because the medical curriculum in the United States is controlled by a Washington D.C. based organization. I have also had several bad experiences with different medications and supplements. If you have read or heard from health organizations that non-ionizing radiation doesn't pose any health threat, they're wrong and lying. The government has been actively concealing the health effects of wireless infrastructure since at least the 1960s, when voltage gated gap junction ion channels were discovered.**

**The government wants to identify people with natural "superhuman" abilities for warfighting and spying. AND THEY WANT TO TRY TO REVERSE ENGINEER THE DNA OF PEOPLE LIKE ME WHO ARE RADIOSENSITIVE AND WHO DON'T HAVE CANCER. THEN THEY WANT TO USE THAT KNOWLEDGE TO LEARN HOW TO MAKE SYNTHETIC DNA AND VACCINES TO CHANGE PEOPLE. THIS IS PART OF THE RECENTLY ANNOUNCED MILITARY "QUANTUM SUPREMACY" PROJECT HEADQUARTERED IN NEW MEXICO. They told me that they call it "the second Manhattan project".**

**The U.S. government has been covertly introducing me online to women who are electrosensitive. The government has been manipulating social media. One of the women who I spoke with online said that she wanted to meet me when she was planning to go to California in 2026. Her name is Patricia Manurung. She is from Indonesia and one of her ex-boyfriends was a pilot in the U.S. Air Force. She kept telling me that she loved me at the same time as she was going out and dancing and drinking with random guys almost every night. Something didn't seem right. She also often went to social events at different embassies in Jakarta, which I found really odd. I believe that she works for the U.S. government. One day I was video chatting with her when she was at the mall. She was in a restaurant and she sat directly beneath a wireless access point. When she got up she looked around the floor as if she was checking to make sure she didn't lose something. That was the first time I saw her do something like that. I thought that was really strange because when I was near cell phone antennas, I experienced severe obsessive compulsive disorder checking behavior. Patricia started to complain of headaches and being unusually tired. Those symptoms seemed similar to how the beginning of my OCD looked many years ago.**

**Something else odd was that the internet kept going off at Patrica's apartment. Her internet repair man added a high powered 5 Ghz router at her place. When I told her to unplug it, the internet via the smaller 2.4 Ghz router still worked. Looking back on these details, it is obvious that the U.S.**

government has, here and in other countries, been turning up the signal in wireless infrastructure to cause genetic mutations.

In April of 2025, I said that I was going to visit my deceased brother at the cemetery, and the government responded by telling me not to try anything and to remember that “God’s power is unlimited”. The military referred to themselves as “God”. When I visited the cemetery, a couple of busted up cars drove by. Also, there were a couple of people jogging past me at the same time that I arrived at the cemetery.

After that, the government started showing me videos on YouTube of people who fell through lakes and who got paralyzed. They started showing me pictures of people in the hospital with neck braces and breathing tubes.

In the summer of 2024, Patricia told me to go to a church called St. Camilus in Arlington, Massachusetts. I thought I might want to go to another church, but she said she wanted me to go to that one. When I went to St. Camilus, the greeter there who was wearing a blue blazer jacket said hello and asked how I was. When I responded with a simple “Hi”, he said something back to try to get me to respond more enthusiastically. That church also has a lot of video cameras inside and outside. I think that the government told Patricia to tell me to go there because the government has people working at that Church. Also, since the government contacted me in April, they have been telling me that they want to talk to me at a church. I refused.

The government said they have been watching me for years.

The government has threatened to kill me and my family. The government said that they would burn down my family’s house and beat me to within 1 inch of my life. They said a sniper could murder me from miles away.

The government said to me that they’re thinking about putting people like me in a “sanctuary”, maybe in the Everglades or in Alaska, maybe where they would turn off the wireless signals, or maybe where they would illegally experiment on people. I refused. I recall that RFK Jr. mentioned something about sending autistic people to special camps. They thought that I was autistic. I don’t think I am autistic. The government has terrible ideas.

The government is using cellular infrastructure to read people’s brainwaves. It is building massive artificial intelligence data centers to apply signal analysis to decode those brainwaves and thought patterns and internal monologues. It is very similar to how scientists decoded whale speech using artificial intelligence language models, like in project CETI. The government is using this evil technology for surveillance purposes and also for political purposes and other evil purposes. The government tried to bribe me with 1 billion dollars. I refused.

The government knows that everyone has different bioelectricals and genes and they know that they are causing disease and hurting people. Some people’s brains are more sensitive to electromagnetic fields and emit more brainwaves. Even if some people can’t feel radiation, they are still suffering from the negative health effects of radiation.

**China and Huawei have also been using this evil technology. The U.S. government told me that China is using this evil technology via satellite constellations like the Chinese Baidu satellite constellation. This evil technology is too dangerous for humanity.**

**They even used this evil technology to slander me because I thought that a woman who I met, Thaylize Rosario, had a small head. Thaylize worked at my aunt's house where she watched my grandfather. My thought about Thaylize's head was a private thought that I did not say to anyone. The intelligence agent or military person who was listening to my thoughts said that he didn't like what I thought. The next time that I saw Thaylize at my aunt's house, it was obvious that she was told what to say to me. She started to threaten me and my mother and tried to lecture me about how to think about minorities. She asked me why I didn't have children. She also asked me if I wanted to have children.**

**Here is some of what I have experienced as a result of the actions of the U.S. government:**

- **Severe migraines and vomiting and pains in my head**
- **Emotional agitation**
- **A feeling of contraction and seizing, particularly at the back of my head near the cerebellum**
- **Twitching in many parts of my body**
- **Repetitive actions**
- **repetitive speech and repetitive listening**
- **repetitive reading and repetitive writing**
- **repetitive washing**
- **Trichotillomania**
- **Head tingling and alteration of dopamine levels**
- **Phosphene induced visual images**
- **Image and thought implantation in my mind via fractal time series signal modulations. They have found a way to make the implanted thoughts and images very similar to my own thoughts in an effort to hide their manipulation.**
- **They are trying to manipulate my memory so that I wouldn't be able to tell what thoughts are mine and what thoughts are implanted. They showed me YouTube videos of things from long ago in my life, like places and people to try to get me to remember things from long ago. Then they showed me things that they want me do, like going to the gym or staying at a hotel, while transmitting signal modulations.**
- **Agitation and intrusive thoughts**
- **Obsessive Compulsive Disorder symptoms (particularly OCD checking behaviors and other types of visual OCD symptoms)**
- **Increased anxiety**
- **Misophonia**
- **Lots of white stars in my vision when I look outside in the daylight.**
- **Trouble focusing and concentrating**
- **Brain fog**
- **They found a way to use the signal to make me fall asleep and also to wake me up.**
- **Hypnotic like effects. For example, when I look at something I seem dazed like I'm not entirely present. I believe that this happens because the government has found a way to see what I am seeing and it affects my visual perception and visual processing and consciousness.**

- **Severe pain in my heart and testicles.**
- **Ringing in my ears. Severe pain in my ears. My ear became swollen.**
- **High pitched and tonal sounds in my ears caused by radiation.**
- **Parkinson's disease symptoms and tremors so bad that I couldn't stand up.**
- **Severe pain in my stomach and upper and lower intestines. My intestines felt like they were on fire and like someone was pulling my intestines out of my body. This happened a day after I made a joke about Israeli immigrants.**
- **Severe pain in my kidneys.**
- **Pain in my prostate.**
- **Insomnia, agitation, and trouble sleeping.**
- **Nightmares**
- **Intrusive dreams and intrusive thoughts**
- **Olfactory hallucinations**
- **AND MORE**

**Have you noticed in the past few months that your cell phone speeds have been lower? Or, maybe you have noticed some malfunctions with wireless car keys? Do you recall cellular phone outages? All of these "glitches" in technology are caused by the government.**

**Have you noticed that while you were scrolling on your phone you saw something oddly specific to what you were recently thinking? That's not a "marketing algorithm". That is the government illegally reading your thoughts using radiation and artificial intelligence. They play videos and music to match the signal to you.** ***They use your phone and computer to play sounds and songs and videos in the language that you speak and in different languages. They also use your microphones in your devices to listen to your surroundings. When you hear those things, your brain processes the sound into thought (your inner monologue) and then they use their computers to match up the signals from your brain to the sounds heard by your device microphones. This trains their computer models to identify your particular pattern or "modulation" to "find" you among all of the signal noise in the wireless networks and among all of the other people.***

**All people interact with electromagnetic fields. The government is illegally reading everyone's thoughts. Only some of the population, however, has an ability to sense and feel electromagnetic radiation. Even though only some people can sense and feel radiation, everyone suffers from the negative health effects of non-ionizing radiation.**

**The government has been and is turning up the cell phone signals and wireless router signals and wireless device signals to try to cause genetic mutations to identify electro hypersensitive people to use them for evil purposes such as spying and telepathy and for other authoritarian and evil purposes. This is why the FCC was trying to take Echostar's spectrum. The government knows that there are many biological interactions with non-ionizing radiation. The government knows that it is hurting people. Radiation is also is the reason for the decrease in honeybees, an increase in brain cancer, a decrease in human fertility, increases in autoimmune diseases and emotional agitation and hyperactivity, and increases in other illnesses. They indicated that with all the migraines that I was getting, I should have gotten cancer, and because it seems like I didn't get cancer, that's one of the reasons why they were interested in me.**

**The government has unlawfully experimented on me to try to further develop this evil technology. They want to turn people into computers and remove your soul. They even played songs like "I want your soul". They want to read your mind and steal your ideas and thoughts. They are trying to implant dreams and intrusive**

thoughts into your mind to manipulate you. If you think that you are hypersensitive to electromagnetic fields, you aren't crazy. There are many people who are electro hypersensitive. Even if you don't have electro hypersensitivity, you can still suffer harmful genetic and metabolic effects and these effects can persist in future generations. I believe that this evil technology is being used as a form of eugenics and population control. HIGH FREQUENCIES HAVE A DANGEROUSLY HIGH AMOUNT OF INTERACTION WITH BIOLOGY. I BELIEVE THAT THIS EVIL TECHNOLOGY WILL NEGATIVELY INTERFERE WITH THE NATURAL COURSE OF HUMAN AND BIOLOGICAL EVOLUTION AND ULTIMATELY RESULT IN LESS HUMAN BIOLOGICAL DIVERSITY.

This evil technology is one of the reasons for the recent massive investments in artificial intelligence data centers. They use computers to filter through the signals to find your unique brainwave pattern.

The use of this evil technology by the Chinese is one of the reasons why Chinese international student visas were initially revoked, because the U.S. government didn't initially know how to read the patterns of the international Chinese students. After the U.S. government unlawfully experimented on me they learned how to read more patterns and that was why the state department revoked the visa ban for the international Chinese students.

You may want to think that this is science fiction, but I assure you that it is not science fiction. I believe this is one of the reasons that DOGE (the Department of Government Efficiency headed by Elon Musk) was prevented from auditing the department of defense.

After I went to the PBS station in Boston during the summer to try to find a reporter is when the Trump administration tried to cancel government funding of PBS and NPR.

Do what you can to resist. Start by dumping cellular service and demanding the return of payphones. Use only wired routers and ethernet cables. Remove the antennas from your computers and put your phone in a metal pot when you're not using it. Fight the telecommunications companies and sue to remove the antennas. The Telecommunications Act of 1996 must be dismantled. Find a way to take down and disconnect the antennas. I have noticed that near certain minority places of worship the signal was boosted very high and I got a migraine right away.

There is a massive cover up of the health effects of 5G and 6G. Many people and health organizations worldwide have been bribed by the U.S. Government to say that cellular infrastructure is safe. Cellular infrastructure is not safe. Even 5 GHZ wireless routers are not safe. In Russia 5G isn't widely used. People in the USA are being turned into cannon fodder for the power of the political "elite". Your rights are being trampled on. The government has illegally decided that your thoughts are not your own. Judges and journalists are being bribed and threatened. The government threatened me and my family. The government also slandered me and tried to break me. They have tried to isolate me. They have tried to manipulate and trick me. They have tried to prey on basic desires. The government wants to steal my DNA. *Protect your DNA and don't let your blood be drawn and stop using ancestry tests. The government wants to modify people using radiation, vaccines and genetic engineering. Stay away from synthetically made folate supplements and vitamins and also stay away from wheat and corn flours that have folic acid. Instead, try to get folate from fresh fruits and vegetables, like fresh corn, carrots and green vegetables. Most people don't need vitamin supplements if they have a varied and healthy diet with fruits and vegetables. If you are sensitive to radiation, eat iceberg lettuce instead of romaine lettuce.*

**In 2019, I decided to consume a very small amount of a supplement called Quatrefolic by Jarrow Labs. It is a synthetic form of folate that was available without a prescription. I noticed immediate changes in my body, and very strange changes that are not typically seen in most people.**

**After taking that folate supplement in 2019, I experienced severe pain in my eyes. I experienced changes in my hormones and dopamine levels.**

**After I had the folate supplement, my sensitivity to electromagnetic radiation increased a lot. I experienced more migraines. The migraines occurred when I encountered electromagnetic emissions from cell towers and wifi routers.**

**I could feel increases in the signals in cell towers, WiFi routers and other devices. The signal fluctuations were caused by the government**
**illegally experimenting.**

**I also experienced other effects from the Quatrefolic folate supplement.**

**And now it is obvious that the government was also illegally experimenting before that, at least since when I was a teenager. Their experiments changed my thinking and my behavior and my hormones and ruined my health. I noticed some behavior changes in other people, but not everyone is as sensitive as me. They had this evil technology planned for decades. As I said, the CIA was experimenting with mind control decades ago. The government has found many radiosensitive people to experiment on. The government said that they are reading everyone's thoughts. The government wants to do more evil things in addition to reading people's thoughts. They even played a song called "mind key" when they were turning up the signal to make my intrusive thoughts worse and so they caused my thoughts to race in order for them to figure out what was on my mind. It becomes harder for me to suppress the intrusive thoughts when they turn up the signal.**

**NO ONE SHOULD TRUST THE GOVERNMENT. THE U.S. GOVERNMENT COMPLETELY VIOLATED MY RIGHTS AND THE U.S. GOVERNMENT HURT AND TORTURED ME. I TOLD THE GOVERNMENT TO STOP AND THE GOVERNMENT SAID THEY WOULDN'T STOP. THEY DID NOT STOP. THE GOVERNMENT IS STILL ILLEGALLY USING THIS EVIL TECHNOLOGY AGAINST ME. THE GOVERNMENT IS STILL ILLEGALLY EXPERIMENTING ON ME.**

**I have noticed that Cox-2 inhibitors, like naproxen, temporarily reduce my radiosensitivity. However, I read that cox-2 inhibitors interact with the PTGS2 gene, and that cox-2 inhibitors can sometimes cause more radio sensitivity in the long term.**

**I believe that someone in the intelligence community leaked information about me to China and that may be one of the reasons for a woman Admiral being fired and that may also be one of the reasons that in May, China started to take blood samples of Americans arriving in China. You may recall seeing in the news that a young woman CIA employee drove through the gate of CIA headquarters, and a man caused a security incident there in April. And more recently, there has been a ban on sending genetic material to China. I read about that in the news after I was looking at DNA sequencing machines on eBay because I was thinking about sending my DNA sequence to other countries to try to pressure the U.S. government to stop using this evil technology. China recently said that it is pouring money into brain-computer interface research. The U.S. military has no respect for Americans. Mind reading is not part of democracy.**

**I saw online that, some years ago, researchers used an MRI machine to detect peoples brainwaves and create an image of what the person was visualizing in their mind.**

**Humans evolved over billions of years in the natural electromagnetic environment of the Earth which was protected by the ionosphere and the magnetosphere so that neurons and human brains could develop their own independent consciousness and electromagnetic brainwaves. The Earth's natural resonance is known as the Schumann frequency. There are many species that can communicate and detect predators using electromagnetic fields. For example, sharks use electromagnetic reception to detect prey in the ocean and snakes can see infrared radiation. Birds use electromagnetism for navigation. When you talk to yourself silently, an electromagnetic field is generated in ion channels. Complex spoken language is uniquely human, but thought formation in dopamine circuits is ancestral to many species.**

**I saw in April, 2025 that the U.S. government was advertising lots of job openings for radio frequency engineers. The government is trying to weaponize my abilities and the abilities of others like me. I believe that the government is even behind a new company called Vectorwave in Waltham, Massachusetts, in order to try to further develop this evil technology. I have seen in the news that the government has built new ground jamming stations to try to stop Chinese satellites, for example at the Very Large Array in New Mexico, but I believe that wouldn't be enough to stop the Chinese satellites. Ground and satellite networks need to be removed and optical based communications should be used instead.**

**The frequencies for ion channels range from about 100 Hz or lower to maybe around 40 Ghz or higher. There is interaction with cardiac tissue at about 39 Ghz. THE FREQUENCIES OF THE VOLTAGE GATED ION CHANNELS CAN BE COMPUTED BY PICOSIEMENS AND BY THE INDUCTANCE AND CAPACITANCE OF ION CHANNELS. I found a table of resonant frequencies for connexin ion channels online but it was removed. But, there are still some resources that describe picosiemens and ion channels.**

**There needs to be more laws against human cloning.**

**Evil is created when a country tolerates and promotes satanism, breaking of families, racism, capital punishment, liberal abortion, greed, and the destruction of the environment. The lack of respect for life and for the environment is terrifying.**

I have spent the last decade suffering from migraines, lethargy, and nausea. My headaches and migraines would only happen when I was exposed to wireless signals.

THE GOVERNMENT DOESN'T CARE AT ALL ABOUT PEOPLE'S HEALTH. Brain cancer, mental illness, birth defects, infertility, neurodegenerative diseases, Parkinson's disease, Alzheimer's disease, diabetes, and many diseases have been increasing. All of these diseases are related to illegal government mass experimentation. Non-ionizing electromagnetic fields interact with cellular processes and DNA enzymes, enzymes which are highly sensitive to non-ionizing electrostatic interactions such as the Rayleigh scattering effect.

## THE USA AND THE MILITARY ARE RUN BY EVIL MEGALOMANIACS.

By the way, did anyone else think it was strange that at Trump's second inauguration, the pastor prayed specifically for the safety of Trump's family? I thought that was a bit odd considering that it was Trump, and not his family, who was targeted in an assassination attempt. The words of that pastor seemed like a thinly veiled threat.

Trump and the deep state are at war. And Trump and the deep state both want control of this evil technology.

**The government has already murdered military personnel to try to keep this evil technology a secret. One example of this is an Air Force officer who was found dead in a lake near Nellis Air Force Base in Nevada. When I told them that they shouldn't kill people, they said "mind your business". One of the doctors who was watching me and who was involved in this was a male African American doctor from Brigham Young University. I was told that he had a mental breakdown.**

As time went on the night shift people became more aggressive with the signal. One time she really was turning up the signal and called it a "digital onslaught" and the "Mexican Wave". It felt like a pulsed merging of multiple signals from many directions and it hurt my heart muscle. I believe that the person who did this was the same person who hurt my ear and made my ear swollen. The people during the daytime shift also hurt and tortured me. It was during the daytime when they caused me severe migraines and head pains. It was also during the daytime when they hurt my stomach and intestines.

Whenever I went outside, people followed me. I saw a car cut in front of me that had a bumper sticker that said "Starfleet Academy". And there was a white pickup truck on Cambridge Street in Burlington, Massachusetts that said "United States Navy". Whenever I went out I would see lots of veteran license plates. Strangers would stare at me. General Langley tried to bribe me with one billion dollars. I refused. They kept trying to entice me. I refused. They said they needed me. They said they needed my DNA or my blood. They wanted me to make children with women who have illnesses, like autoimmune and neurological diseases. They kept playing songs that were titled "human revolution", "a whole new world", "bloodline", "Ghengis Khan", "God is a girl" and things like that. They called me a girl because they said my brainwaves are similar to that of women instead of men.

One of my cousins (whose family is Roman Catholic) recently married a Mormon from Utah who she knew for only two months. His name is Wesley Hartmann. Wesley's father's name is Larry Hartmann. Larry's LinkedIn profile shows him working for government financial contractors.

My cousin's parents are good friends with Fr. Eric Cadin (mentioned further below). My cousin's mother's brother had brain cancer and survived. I believe that is one reason why my cousin was targeted by the government. Patricia Manurung tried to contact that same cousin of mine last year on social media, before my cousin even met Wesley Hartmann. I think that the government believes that my cousin and Wesley Hartmann may have radio sensitive abilities. I believe that Wesley and his father know about the government’s plans.

I believe that Patricia Manurung works for the CIA or another part of the U.S. government.

**See below for a screenshot that Patricia sent to me of a message that Patricia sent to my cousin.**

**You may have heard about brain-computer interfaces and brain implants. Scientists have found a way to wirelessly interface directly with people's brains using existing 5G wireless infrastructure. Using advanced signal analysis and artificial intelligence language models, the government is reading your thoughts and your "inner monologue". The government is also implanting in your mind intrusive thoughts while you are awake and dreams while you are asleep, and they have even showed me images in my mind using fractal modulations while I am awake. I know they are using fractals because they told me and because the patterns often look like fractals and lines.**

**You may have seen in the news how scientists at Project CETI decoded the clicking language of whales. I believe that the principles of using machine learning to decode thoughts and language in all species are the same. The government is illegally reading people's thoughts. This evil technology has been in development for multiple decades.**

**The U.S. government said that the people of this country are "retarded". I remember seeing a video a long time ago where a Chinese politician said that "the Chinese people need to be controlled". Unfortunately, the U.S. government seems to have adopted the evil philosophy of the Chinese Communist Party. In fact, the Chinese military seemed to admire Andrew Marshall of the Office of Net Assessment.**

**The U.S. has experimented on me against my will to develop the signal modulation.**

**WIDESPREAD FOLIC ACID SUPPLEMENTATION AND PESTICIDE USE AND CHEMICALS ARE ALSO PART OF THEIR PLAN. The government has been poisoning the population on purpose. CHEMISTS KNEW THAT GENETIC ENZYMES LIKE DMNTS (Dimethyl nucleotides) WERE PARTICULARLY SUSCEPTIBLE TO ELECTROMAGNETISM IN TRANSITION STEPS. THE U.S. GOVERNMENT HAS INTENTIONALLY HARMED INNOCENT PEOPLE AND CONDUCTED ILLEGAL MASS EXPERIMENTATION. THE GOVERNMENT TOLD ME THIS.**

**The U.S. government and the Freemasons have infiltrated the the Mormon church. The U.S. government and the Freemasons also infiltrate many other religions including Catholicism and Islam.**

**The U.S. government said that one of the reasons that they are illegally conducting radiation experiments on me, and on people like me, is to determine how to create genetic immunity against radiation.**

**The government turned the signal up so high that my stomach and intestines felt like they were being pulled out. I will find everyone who was involved. I believe that the following is just one of many publications about their illegal research on me.**

**Nature.com/articles/s41586-025-09589-5**

**They government also wants to experiment on people who have nerve demylenation, autism, locked-in syndrome, and epilepsy. They want to figure out how consciousness works at the quantum level. This illegal experimentation is related to the government's "quantum supremacy initiative" in New Mexico.**

**On my electronic devices, I see ads reflecting what websites the government is browsing. For example, I saw many advertisements for engine lubricants and personal protective equipment. I saw ads for Grainger.com almost daily. I started seeing things in the online ads and in other places online and that's one of the ways that I figured out what the government was doing. For example, I saw information about Vectorwave in an online ad. Even last year I saw that they messed up on Google Maps on my old phone. I was able to see the saved locations for one of their intelligence officers in Google Maps on my phone. One of the places in his saved places in Google Maps was an Archbishop Spaulding High School near Baltimore and a "Brian and Jens place" I think near Waugh Chapel Road somewhere in Maryland. I think that person is from Baltimore. Google Maps incorrectly thought that my location was at the National Security Agency cafeteria. I think that intelligence official liked pizza and he may have been overweight. Another place he apparently goes to a lot is Target. And he likes ESPN, and golf. I think they reassigned him because he slandered me to someone named Thaylize Rosario. They were trying to get her to manipulate me. I have names, lots of names. They can't hide everyone.**

### Some Science Information

About in the late 1960s something called gap junction ion channels were discovered. Ion channels act like an electrical switch in proteins in endothelial nervous tissues in the body, shuttling positively charged calcium, potassium and sodium ions across an electrical gradient to potentiate neuronal signals. Ion channels exist in many kinds of neurons, like enteric neurons in the intestines, testicular neurons, ovarian neurons, cardiac neurons, inner ear neurons, kidney neurons, and in most all organs and in the brain. Based on what I recall, ion channels respond mostly to frequencies from about 100 Hz to 40 GHZ, which includes the frequencies of 5G wireless infrastructure. Some people are more radiosensitive than others. I can feel electromagnetic effects in all of my endothelial tissues.

Most of the science today regarding interactions between DNA and non-ionizing radiation is in academic journals and not in medical curriculum because the government doesn’t want doctors to know. The Journal of Bioenergetics is one example of a publication that I recall had articles about non-ionizing radiation. The Department of Defense built a radiation research facility at Auburn University in Alabama to further study biological interactions with radiation. The government has recently realized that particles can entangle at room temperature and this can happen in human brains. This has even been in the news.

The body is inherently electrical. Cellular processes are electrical and quantum in nature. Quantum tunneling exists in neurons in electron transport chains. There is bioenergetic feedback between genes and mitochondria and enzymes like DNMTs. I have a mutation in the methyl tetra hydrofolate reductase (abbreviated as “MTHFR”) gene which I believe influences the radio sensitivity of protonation in DMNT transition steps in many enzymes, including in tyrosine hydroxylase. Tyrosine hydroxylase is an important enzyme for dopamine synthesis. As far as I can tell, I did not get cancer. My body and my brain changed to be able to interact with electromagnetic fields.

Here are some examples of biological components and mechanisms that interact with non-ionizing radiation: tubulin in protein kinases; genetic interactions in mtDNA and mitochondria; nucleic DNA interactions including topological conformation interactions and pi stacking; and enzymatic interactions, which enzymes have very sensitive electrosensitive transition steps. The last one is of particular relevance to me because folate has a direct connection to regulating the protonation of enzymes in the transition steps.

Folate is a proton donor and this has implications directly on Ca2+ ion channels and in the electron transport chain and ultimately in the action potentials of neurons. Dysregulation of Ca2+ ion channels via membrane dysfunction is known to cause migraines because membrane dysregulation in ion channels prevents the mitochrondria from generating enough adenosine triphosphate (abbreviated as “ATP”). In people with brain cancer, the shortage of ATP prompts uncontrollable growth to try to make up for the lack of energy. The membranes regulating Ca2+ channels are themselves regulated by a genetic quantum feedback loop involving the crystal structure of DNA rungs like guanine. This may be related to the concept of DNA as a “fractal antenna”. The helicity of DNA is a topology that can create circularly polarized radiation. **Most, if not all, naturally occurring radiation is not polarized. All man made radiation is polarized.**

Guanine and Cytosine are more electrostatically interactive than Adenine and Thymine. When I have a migraine, the gallic acid in strawberries and the kaempferol in watermelon sometimes helps reduce the pain. Maybe it’s almost as if the phenols substitute for the lack of hydroxylation. Interestingly, watermelon evolved in the Namib desert in Africa, a place where there are above average levels of radiation. Also, I noticed that eating foods high in tyramine when I have a migraine often makes my migraines worse and makes me nauseous and vomit. I recall vomiting on two separate occasions when I had migraines from radiation. Those were very severe and long lasting migraines. THE GOVERNMENT HAS BEEN ILLEGALLY EXPERIMENTING ON AND POISONING SOCIETY. **The government has intentionally poisoned the food supply with artificial colors and preservatives in order to CAUSE DISEASE. The government has also polluted the environment with radiation as a type of eugenics, to cause cancer and get rid of people with genes that cannot adapt.**

**I believe that many chemicals and synthetic food additives have negative effects on metabolism and cellular respiration in ways that may be similar to how non-ionizing radiation impairs cellular respiration. Methelyne blue, for example, impairs the mitochondrial electron transport chain. Glyphosate is a known carcinogen and is a very commonly used pesticide. Potassium bromate is a known carcinogen, that is banned in Europe, that is added to most wheat flours in the USA.**

**Switzerland has some of the strictest laws regarding radiation from cellular networks. In the USA, the law that regulates cellular network radiation emissions is decades old and outdated.**

**The USA has planned to cause illness and disease throughout society ON PURPOSE. THERE HAVE BEEN MANY DOCUMENTED INSTANCES OF POPULATION WIDE EXPERIMENTATION ON AMERICANS BY THE U.S. MILITARY. One example is Project Sea Spray in San Francsico.**

Early in the summer of 2025, there were lots of reports in the news about Apple Car Play not working. Apple Carplay uses a 5 GHZ signal. Also, you may have heard of or noticed slower speeds on the cellular networks, but network speed alone is not a reliable indicator of what the government is truly doing because the government scientists are very sneaky. They embed the brain-computer modulations within the internet data signals so that they are not easily detected on an oscilloscope.

The U.S. government has told me that one of it's main concerns is China's meddling in Africa. In Africa, Huawei is the main cellular infrastructure company. The USA is concerned about China's control of rare earth minerals in Africa. China is using Huawei infrastructure in Africa to manipulate and control the minds of African politicians.

In the summer, the defense minister of Ghana died in a helicopter crash and there was some explosion at a mine in Africa. The ambassador of South Africa to France allegedly committed suicide in France.

**TRUMP MADE SOME COMMENT SOMETIME DURING THE WEEK OF AUGUST 25, 2025 ABOUT "BEAUTIFUL AFRICAN WOMEN" AND THE NEWS MEDIA COULDN'T SEEM TO UNDERSTAND WHY. THE NIGHT BEFORE, THE GOVERNMENT WAS SHOWING ME PICTURES OF PRETTY AFRICAN WOMEN.**

YOU SHOULD NOT TAKE FOLATE SUPPLEMENTS. The government knew exactly what it was doing with folate. IT WAS TRYING TO INDUCE GENETIC CHANGES IN THE POPULATION. The government knew a long time ago how folic acid tricks people's genes compared to natural folate forms from fruits and vegetables. THE GOVERNMENT HAS MANIPULATED NUTRITIONAL STUDIES ON FOLIC ACID AND FOLATE to try to show that people need to take folic acid when, in fact, anyone with a balanced diet that includes fresh fruits and vegetables, and even milk, can get all the folate they need. IN PEOPLE WITH CERTAIN TYPES OF VULNERABLE GENES, THE OVER SUPPLEMENTATION OF FOLIC ACID AND THE FORTIFICATION OF FOODS WITH FOLIC ACID CAN CAUSE SOMETHING CALLED "FUTILE FOLATE SYNDROME". PEOPLE WITH THESE GENES OFTEN HAVE HYPOXIA INDUCING FACTOR (HIF) GENES WHICH INCLUDE PEOPLE WITH ANCESTRY FROM THE PONTIC STEPPES, NATIVE AMERICANS, ASIANS AND PEOPLE WITH ANCESTORS WHO LIVED AT HIGH ALTITUDES, including people from northern China who have higher rates of MTHFR mutations. African people have the lowest rates of folate metabolism mutations. IF YOU BELIEVE THAT YOU ARE RADIOSENSITIVE, YOU SHOULD NOT CONSUME

FOLIC ACID AND YOU SHOULD LIMIT YOUR DIETARY FOLATE INTAKE and you should not eat romaine lettuce.

One time someone in the military played some song like “What about the Asian girl” and the next song was something like “from Norway”. They were trying to figure out who I liked. I have a good memory and I connected the dots. I recall talking with an Asian girl from Norway, her name is **Julia Hein Le** and she now lives in the Vietnamese area of Los Angeles where she is originally from, in a city called **Westminster**. I recall video chatting with her and seeing on the video chat a large cell phone tower, right outside of her apartment in Oslo.

Julia would often show me her makeup routine. I noticed some behaviors in Julia that reminded me of myself. She would be checking things and stare at objects on the floor. I interpreted this as a type of visual checking OCD similar to what I had. She also told me that she took fish oil and she showed me a bottle of fish oil. I also used to take fish oil. Fish oil increases phosphorylation. The government tried to get me to like her. The government is actively using their intelligence apparatus to look for and illegally experiment on people with OCD, neuroticism, anxiety, down syndrome, and people who have PTSD. When they asked me about the girl from Norway, that’s when I realized that the government has intentionally, and secretly, been manipulating social media to try to get radio sensitive individuals to make children together.

The government has been increasing the cell phone network signal output to try to see which people have protonation deficiencies in their mitochondrial respiration.

When I was in Norway, in 2013, I enrolled at the University of Oslo. I went on a trip to Bergen and went hiking with some friends. Towards the end of the hike, I came across some power lines sort of in a canyon. I stopped and looked at the canyon. What was strange was that as soon as I stood there I felt a strong feeling of dread inside me. In the winter of 2024, I read a study from a university in North Carolina that shows that electrical line workers have an obviously higher rate of suicide.

The U.S. government has been controlling global and domestic health organizations and stopping them from telling the truth about non-ionizing radiation. Non-ionizing radiation DEFINITELY DOES have biological and neurological effects. The government is intentionally preventing doctors from learning about the biological effects of non-ionizing radiation. The government is controlling the medical curriculum. The government wants to conceal the illegal experimentation.

Near where I live there’s a shopping center with a tree right in the path of cell tower antennas. Half of the tree looked dead. You can find plenty of pictures online of trees and plants near cell tower antennas that wither from the non-ionizing radiation. I am convinced that COUNTLESS people have succumbed to brain cancer and other neurological diseases, mental illnesses, and other metabolic diseases including diabetes, melanomas, angiogenesis, and other diseases, because the government has been turning up the signal on cell phone networks so much that it has literally been disrupting metabolic and enzymatic and genetic processes.

The government even turns up the signal on individual devices, like laptops, phones, and routers in order to sensitize people to the signal so that calcium ion membrane influx increases and the brain creates more protons and brainwaves with more signal amplitude. **The government calls this mechanism “push pull”. It is painful.**

They have been trying to get me to hear things. Tinnitus is caused by cell tower radiation.

I can do the many of the same things as brain computer interfaces, but without an implant. I am very radio sensitive. They said that they are trying to make radiosensitive synthetic DNA in a laboratory. I am concerned that creating synthetic DNA will cause unnecessary and dangerous changes in the human population genome. I don't believe in the idea of making synthetic humans.

There are many more people like me. I have seen them with my own eyes. Wireless radiation affects everyone and can cause anyone to have OCD repetitive checking behavior and agitation. Do you remember when there was a spate of violence in New York City? In New York, there are 5G antennas on every block. The government was turning the signal up high to look for people with natural radiosensitive abilities. I believe that the increased signal caused people to act violently.

I saw people driving in circles and looking on the ground repeatedly, like I did. I can also feel how strong cell tower signals are. The signals are usually very strong around mosques and colleges and universities, but I have felt strong signals everywhere. They government is reading the thoughts of Muslims, international students, and everyone.

**After I went clothes shopping in Burlington, Massachusetts, I was waiting in the car in front of Chipolte. I couldn't sit there longer than 15 seconds without getting a bad headache. This happened a second time when I went shopping another day. DIRECTLY BEHIND CHIPOLTE IS THE BURLINGTON ISLAMIC CENTER. I even saw on the news recently that a technology service called "Flock" is going to be used to identify people with "suspicious" driving habits. This is actually a way for the federal government to identify people with severe OCD and identify more people who are radiosensitive.**

**CHINA SHOULD NOT SEND STUDENTS TO THE USA AS THE USA WOULD USE THEIR PATTERNS TO FURTHER DEVELOP THIS EVIL TECHNOLOGY.**

**THE FREEMASONS BELIEVE IN EUGENICS. THEY ARE IMMORAL AND EVIL. A LONG TIME AGO, THE CATHOLIC CHURCH SAID THAT THE FREEMASONS WERE THE "SPAWN OF SATAN".**

**THE FREEMASONS HAVE NO RIGHT TO INFLUENCE ANY RELIGION.**

**THE POPE SHOULD NOT BE PRESSURED BY ANY ORGANIZATION OR COUNTRY.**

**RUSSIA HAS SAID THAT SATANISM IS UNDESIRABLE. SATANISM IS UNDESIRABLE.**
**WHY DID THE USA SET UKRAINE UP FOR A WAR WITH RUSSIA IN 2014? WHY DID THE USA WASTE BILLIONS FIGHTING RUSSIA? I THINK THAT THERE IS AN ONGOING CONFLICT BETWEEN FREEMASONRY AND CHRISTIANITY. UKRAINE WAS MERELY USED AS A PAWN BY THE USA DEEP STATE TO CONTINUE A CENTURIES OLD IDEOLOGICAL CONFLICT BETWEEN THE FREEMASONS AND NON-WESTERN COUNTRIES.**

**MANY IN THE U.S. GOVERNMENT FOLLOW THE EVIL WAYS OF WITCHCRAFT, SORCERY, AND PAGANISM. I HEARD THAT THE SATANIC TEMPLE IS, UNFORTUNATELY, RECOGNIZED BY THE INTERNAL REVENUE SERVICE AS A RELIGIOUS ORGANIZATION. THE INTERNAL REVENUE SERVICE SHOULD NOT RECOGNIZE THE SATANIC TEMPLE AS A RELIGIOUS ORGANIZATION. ANYONE WHO WORSHIPS THE DEVIL IS EVIL AND DESTRUCTIVE AND SHOULD NOT BE ALLOWED TO CALL THEMSELVES "RELIGIOUS".**

**U.S. GOVERNMENT OFFICIALS USE MODERN SCIENCE, CHEMISTRY, PHYSICS, BIOPHYSICS, AND DARK PSYCHOLOGY TO MANIPULATE AMERICANS. EVEN PORNOGRAPHY IS USED BY**

**THE GOVERNMENT AS A MECHANISM TO DULL PEOPLE'S MOTIVATION AND CURIOSITY IN THE WORLD AROUND THEM.**

**ANOTHER WAY THAT THE GOVERNMENT IS MANIPULATING SOCIETY IS VIA ARTIFICIAL INTELLIGENCE. The government is using artificial intelligence to try to prevent people from thinking and learning for themselves. They don't want people to "connect the dots" for themselves. They want to make you feel empowered with artificial intelligence but the government influences the artificial intelligence models. In many cases, the government completely removes information from artificial intelligence and from the internet. THIS IS THE SAME STRATEGY THAT THE CHINESE COMMUNIST PARTY USES TO CENSOR INFORMATION.**

**THE TRUE REASON WHY THE USA HAS THE LARGEST MILITARY IN THE WORLD IS NOT TO SECURE AMERICA. THE REASON WHY THE USA HAS THE LARGEST MILITARY IN THE WORLD IS TO OPPRESS AMERICA AND THE WORLD AND TO CONCENTRATE POWER. ULTIMATELY, UNNECESSARY MILITARISM WILL CAUSE THE DOWNFALL OF AMERICA. AMERICA NEVER HAD THE RESOURCES TO LIVE UP TO ITS INFLATED EGO. EQUALITY IS THE WAY TOWARDS A PEACEFUL WORLD.**

**THE USA ENCOURAGED WOMEN TO ABORT CHILDREN WHO WOULD HAVE ENDED UP BECOMING FACTORY WORKERS OR FARMERS OR ENGINEERS AND PEOPLE WHO COULD HAVE CONTRIBUTED TO NATIONAL ECONOMIC SELF-RELIANCE. TODAY, THE GOVERNMENT REGRETS THAT THE POPULATION OF THE USA IS LESS THAN ONE QUARTER OF WHAT THE POPULATION OF CHINA IS.**

**I HAVE HEARD THESE THINGS FROM THE MILITARY. I COMMUNICATED WITH MANY PEOPLE IN THE MILITARY. MANY OF THEM ARE RACIST AND BIGOTED AND HAVE AN INTENSE DISLIKE OF MUSLIMS AND HISPANIC PEOPLE.**

**The military has been signaling that it is concerned about France. The military said that they wanted me to make children with French women.**

**Also, the military has told me that Annalena Baerbock, the German Defense Minister, is "dirty".**

**If you have gotten headaches or migraines, or sharp pains in your head, that is likely because the government was experimenting on you and turned up the signal to find your default mode brainwave pattern. THEY HAVE BEEN DOING THIS FOR A LONG TIME. Do not dismiss what I am saying.**

I noticed that Chinese immigration to the USA increased significantly during the years 2008 to 2019. More than 300,000 people from China immigrated to the USA during that time. Even if the Chinese immigrants do not have brain implants, the military said that they are concerned that they were sent here by China to undermine the USA. The USA thinks that China is conducting a large scale effort to destroy the USA from within. That means that the USA is suspicious of more than 300,000 American citizens of Chinese decent. That is also one of the reasons why the CIA has increased recruitment of on the ground ethnic Chinese spies in the USA. The government has also targeted Asian Americans using this evil technology.

The government is trying to abduct and entice people to go outside of the USA.

The government seemed particularly keen on playing songs in languages such as Arabic, Bulgarian, Serbian, Greek, Russian, Latin and Spanish. They were trying to use me to train their signal analysis models in order to read people in different languages. I tried to avoid listening to songs in different languages. Another strategy that the government uses to train signal analysis models is that they try to get people to listen to videos and audio of people talking with a lot of background noise.

**I also want to point out, in a matter of fact way that, according to my reading, most of the people who have the kind of genetic mutations that I have (such as MTHFR mutations) are not of African ethnicity, and it seems like darker skinned people may be less radiosensitive than others. This idea may be related to the “vitamin D melanin hypothesis”. Also, people with lower rates of folate enzyme mutations have better methylation and enzyme protonation rates. Some African populations may be less radiosensitive and have more metabolic energy. It is documented that people from Africa have lower rates of folate enzyme mutations. The government has repeatedly begged me to make children with African women. The government is actively conducting large scale illegal experiments on the entire population, on people of every race and ethnicity.**

Something else to be aware of is the Explore Act, which is legislation that proposes to cover national parks with cellular network infrastructure and satellite signals. This is a disgrace. THIS PROPOSED LEGISLATION AND THE TELECOMMUNICATIONS ACT OF 1996 MUST BOTH BE DISMANTLED..

**Some people who tried to manipulate me:**

**Patricia Manurung.**
**Patricia is from Indonesia.**
**Patricia lives at Kalibata City in South Jakarta and she works for the state run electric company in Jakarta. She is originally from Palembang and her sister lives in Depok. Patricia’s father's name is Jonson Manurung and Patricia’s mother’s name is Rosinta Parapat. Patricia aborted a child she had with someone in the U.S. military. I believe that Patricia has had more than one boyfriend who was in the U.S. military. I believe that one of her boyfriends who was in the U.S. military is named Marvin Wood.**
**I believe that Patricia Manurung works for the CIA or another part of the U.S. government.**

**Another person who I believe tried to manipulate me is Nofar Buzaglo.**
**Nofar is from Petah Tikvah, Israel.**
**Nofar’s brother Daniel died from brain cancer.**

# A picture of Patricia Manurung:

**A picture of Nofar Buzaglo:**

**Thaylize Rosario of Revere, Massachusetts** who said she graduated from high school at Kipp Academy in Lynn. She said that she also took classes at North Shore Community College. The second time that I met her at my aunt's house where she was worked as a nurse assistant helping my grandfather, she was playing loudly something on the television about Area 51 and aliens. She proceeded to tell a story to my mother (which I have recorded) about how her favorite ride at Disney is the tower of terror that had something to do with "an entire family disappearing". She asked me how old I was and where I was from and asked several times why I didn't have children. The government slandered me by telling Thaylize that I was racist, which I am not. Her attitude the the second time I saw her was completely different than the first.

**Fr. Eric Cadin of the Boston Archdiocese** The government illegally influences the Roman Catholic Church. I met with Eric Cadin at the Archdiocese in Boston in the summer of 2025. I wanted to ask him for guidance and he seemed overly well prepared with answers to my questions. He kept looking at my pocket which I thought was odd. I think someone told him that I was carrying a knife. He kept trying to convince me to share my talents which is a line that was also used by the man who was studying to become a priest who I spoke with at the Carmelite friary.

I asked Eric if I could speak to the Vatican to ask questions about the Catholic faith. He said you'd have to write a letter, that you can't just call them. **I told him that I don't like things happening in secret. He responded by saying "I know".** Later on when we were walking from the conference room towards the chapel downstairs, I told him that I went to the Vatican when Pope John Paul II died. He was very stoic and completely unimpressed. I have that conversation recorded as well. And as soon as the meeting ended, he put his earpods in his ears, just like how many of the others who were following me were wearing earpods. He puts on a smile and talks warmly but he is a pretty young priest to have the high position that he has. The secretary at the Archidiocese intentionally ignored my mother and did not raise her head while at her desk. During my conversation with Fr. Eric, I asked him what he did after Havard (where my aunt, who he is friends with, also went to school), before he became a priest. He said he spent a year in Hawaii. He didn't say what he did there. His biography online says that he spent a year in California before becoming a priest.

The government of the USA has taken away religious freedom and is directing religious organizations on how to operate and what to say to people. I always found it so strange that Catholic churches have the American flag next to (or above) the Holy See flag. When I go to Church I go to worship God, not a country. The GOVERNMENT SHOULD HAVE NOTHING TO SAY REGARDING WHAT CATHOLIC PRIESTS SAY AT MASS. Pope Francis implored the leaders of the USA to abolish the death penalty when he visited the USA, but it seems that it fell on deaf ears. Leaders in the USA and the Supreme Court believe they have greater moral authority than the leader of one of the largest religions in the world. The USA wants to oppress people like China does.

*Fr. Eric Cadin*

**Rev. Matthew Williams at St. John the Baptist Parish in Quincy, Massachusetts.** I went there with my mother to see an old priest family friend. There were many people there who were following me. During mass the priest said some things about the country how it needed help and other things that sounded eerily similar to what the government was saying. I introduced myself to him after. He seemed a bit apprehensive to speak with me. I asked him what he did for work, before he was a priest, and then he asked me what I did. I told him I was a lawyer's assistant (my dad is a lawyer). He said "I'll know who to call when I'm in trouble". I brought some food to their food pantry there. There was a woman who worked at the parish who approached me and my mother. She started talking about helping people and used the word "metaphor" with emphasis. I often say the word "metaphor" a lot while speaking. She was sending a message that I was being watched. Nearby to that church is large Army recruitment center. The government has no right interfere with churches.

*Rev. Matthew Williams*

## Chuck Bennett of the Catholic Parishes of Arlington, Massachusetts.

When I arrived with my mother at St. Agnes for a social visit in April, as soon as I introduced myself to some of my mother's friends and said my name, a man turned around with a scowl on his face and glared at me. That was Chuck Bennett. Later on, he introduced himself. I asked him what he does for work. He said he worked for the State of Massachusetts. I asked him what he did before that and he said he used to be a teacher. He also mentioned something about a "dirty joke", which I believe was a continuation of the government's attempts to blackmail me.

Chuck Bennett is obviously a Freemason who has infiltrated the church.

Below is an email from the director of evangelization at the Catholic Parishes of Arlington, Massachusetts.

Hello Joseph,

Welcome to the Catholic Parishes of Arlington. I received an email from Chuck Bennett. You met him last Friday at the Soup and Stations. Can we meet for a coffee to talk about your interests and how we can help you connect with our collaborative? I'm available Sunday-Thursday late morning and early afternoon.

May you receive the graces of Holy Week,

Scott

**Police Chief Juliann Flaherty of the Arlington Police Department**, who I saw sitting in a police car at the end of my street looking at me and typing something into her phone as soon as she saw me.

**Juliann Flaherty**

**Aiden Roberge,** who, by coincidence, I met at the Discalced Carmelite Friary in Brighton during a social event there. They use the name “Order of Carmelites Discalced”, abbreviated as “OCD” for short. I was trying to take my mind off of things and exercise my right to practice my religion. I met Aiden who said he was a student at Boston College and he was quite friendly the first time I met him. He told me his telephone number. And I told him I live in Arlington. He was surprised and he said that the police chief in Arlington, Juliann Flaherty, is a close friend of his family. He said he wanted to meet up sometime. A couple of days later, I tried contacting him. He never returned my calls or text messages. When I met him a second time at another event at the friary, he acted completely different. He acted cagey and was very quiet. He stuttered a lot when I asked him if he got my calls and text message. Someone obviously spoke with him. I have that conversation recorded.

The government deleted an email that a priest from the Carmelites, named Fr. George, sent me.

**Aiden Roberge**

**Someone studying to become a priest who told me he was a "soldier".** I met him at the Carmelite friary in Braintee. He approached me. He said he went to college at Saint Michael's College in Vermont. He said he was studying pre-theology at Boston University. I recorded that conversation. He said I should "share my talents". As soon as he said that he was a "soldier", I ended the conversation. The military corrupts people when they're young and they plant them in religious organizations.

**Attorney Jenny Liu** in Billerica or Chelmsford, Massachusetts. I called her to ask for legal advice and when she answered the call I heard a man talking on the phone line. I asked her if someone else was there and she said no one was there.

**Attorney Jack McDonnell** of Andover, Massachusetts. Jack works for the State of Massachusetts. Out of the blue, he repeatedly asked me, and he asked my father, what I did for work and where I went to college.

**Attorney Tina M. Ohlson, of Ohlson and Ohlson located at 34 Salem Street, Reading, Massachusetts.** During the summer of 2025, I met with a lawyer to introduce myself to make sure that if the government tried to press false charges against me I would know someone to call. It was a brief meeting. At the end of the meeting I shook her hand to thank her for her time. **Her hand was extremely sweaty and during the conversation she mentioned something about a "federal job" which I never mentioned anything about. I have that conversation recorded. I think the FBI or someone contacted her before I met with her.**

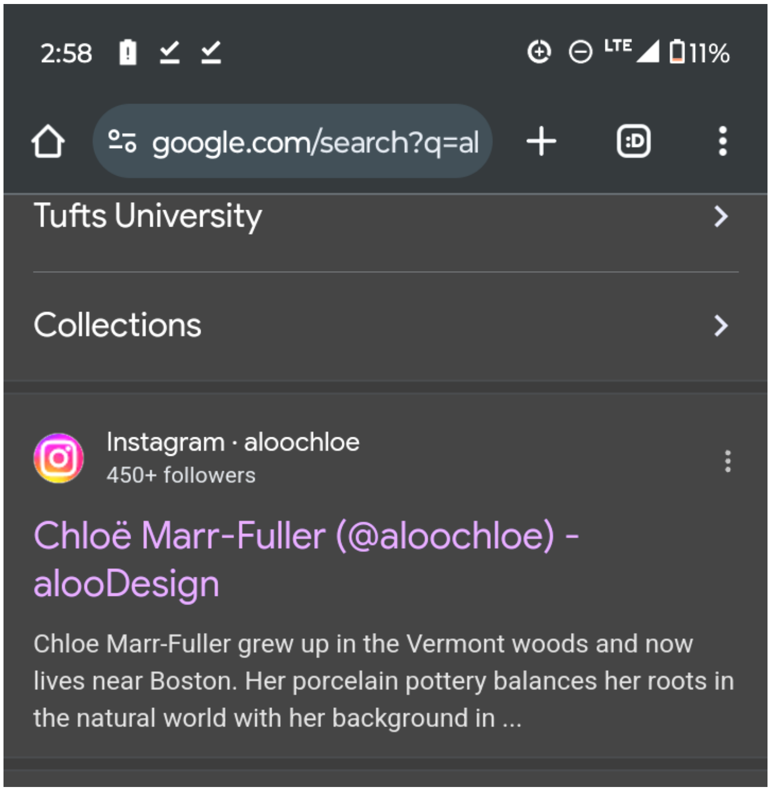
**Attorney Tina Ohlson**

**Jessica A. Finn**, an old neighbor who lives at 270 Bridges Lane in North Andover. My mother said she saw her at a local store and that she was "very friendly". In the past she acted very distant. One time my mother said she tried to introduce herself to Jessica's mother and my mom said that Jessica's mother said that they were "very private people". I find it odd that out of the blue Jessica was being very friendly. I heard that Jessica also previously worked as a 911 dispatcher in North Andover.

**Chloe Marr-Fuller**. She lives at 67 Tufts Street in Arlington, Massachusetts, just one street away from where I live. She was just one of many people who would always walk by my house every night and she would always look at me when I was outside. I think she may be some kind of behavior analyst or psychologist. I believe that she works for the government. One day I followed her on my bike and I saw where she lived. According to her Instagram, she grew up in Vermont.

**In combination with the payphone guy I saw in the news in Vermont, the soldier priest guy at the friary who said he went to Saint Michael's College in Vermont, a woman I think they called Valerie who I saw walking in front of my house looking at me who was wearing a Vermont sweatshirt, and Chloe, I think one of the Generals or someone high up in the Military or the CIA has a strong connection to Vermont.**

**Chloe Marr-Fuller**



Chloë Marr-Fuller (@aloochloe) - alooDesign

Chloe Marr-Fuller grew up in the Vermont woods and now lives near Boston. Her porcelain pottery balances her roots in the natural world with her background in ...

**Judy Hu of 34 Foster Street,** Arlington, Massachusetts. She is another person who would always walk by my house. She would always look and stare at me when she walked by. It looks like she moved around the country a lot and may originally be from California. Her LinkedIn profile has a large gap in her career history. According to her social media, she claims to be some kind of therapist. I think she works for the FBI or another part of the government.

**Judy Hu**

**Guillermo Gomez who lives next to me and the neighbors who live across the street from me are also involved.**

**I believe that there are also more neighbors who are involved.**

My uncle, **Michael Marino**, who lives in San Diego, California. He works in the U.S. Navy, in some office job, I think. Maybe he's now in his 50s. A couple of years ago, Michael sent me a text message asking how I was doing. I completely ignored him because I could sense that something was going on. At the time that he sent me a text message, there were lots of videos on YouTube about freemasonry that were randomly appearing. In the past, Michael was usually dismissive and demeaning when I saw him. I heard that his wife had a terrible cancer throughout all of her body and she almost died. All of a sudden she was "miraculously" cured. That makes me wonder if he was set up to marry her. I have a feeling that the military may also have been experimenting on my uncle and his wife. Some years ago, Michael told my mother that he wanted me to go to San Diego.

***Michael Marino and his wife***

A lot of people were following me. I have pictures of the people who have been following me. They government told me that they call it the “safety dance”. One time I went to Stop and Shop and right after I left the store, shortly before it closed, I was sitting in the car and right when the store closed about 15 people all walked out of the store at once without any groceries and they scattered quickly. I took lots of pictures in the store because the government said that people were following me. There were lots of people walking around the store with empty carriages. **See the end for pictures of the people who were following me.**

Something else I noticed in the online ads was a company called **Vectorwave Corporation** which was incorporated in April of 2024 and is located at 800 Lexington Street in Waltham, Massachusetts. The president of Vectorwave Corporation is **Ronald Adrian Davis III**, a PhD graduate of MIT who is from New Mexico. I believe that Vectorwave is a technology transfer company that the military is using to spread and further develop this evil technology. I also noticed, in the spring of 2025, that the government was looking for lots of electromagnetic engineers.

# SOMETHING ELSE DISTURBING THAT I FOUND

**I saw on Google a bunch of random school districts and schools. A bunch of schools popped up on Google after I was looking up the Fay School lawsuit and another Google search about Chromebooks. It looks like the government has been hacking the WiFi at the following schools to try to sensitize young people to radiation:**

- **Rialto Unified School District**
- **John H Webster School**
- **Oltumwa Community School District**
- **Ben Sondgeroth**
- **Maywood Academy High School**
- **Whitefish Bay**
- **University of Oregon**
- **University of York**
- **Philadelphia Schools**
- **University of Alaska**
- **Uxbridge School District**
- **Chico School District**
- **University of St. Thomas**
- **Louisiana State University**
- **Abercarn Primary**
- **Sharp School**
- **Clemson University**
- **Milwakuee Area Technical College**
- **Zeeland Christian School**
- **Academy Charter High School**
- **San Bernardio Unified School District**
- **Toronto Metro University**
- **Somers Point School District**
- **Mountain Phoenix Schools**
- **Selma Schools**

**If any students at these schools have had health issues like headaches or trouble concentrating or anxiety or mental illness, this evil technology is the cause. Also, I believe the Fay School in Massachusetts was directly complicit in this evil experimentation as I recall reading a court case where it is mentioned that the Fay School installed an "industrial grade" Wi-Fi system and there was a student there with the alias "G" who was getting sick. The courts dismissed that case.**

**The Federal Court for the District of Columbia said that the FCC must revisit the wireless emissions standards because the standards are too old. This evil technology is one of the reasons why the government hasn't revised the wireless infrastructure radiation emissions limits.**

**I also noticed some other unusual places showing up on my phone: Inova Federal Credit Union, Sams Club, Fidelity Investments, and Fox Sports. Inova Federal Credit Union and Sams Club are both near Maxwell Air Force Base and Auburn University.**

I submitted a complaint to the attorney general of Massachusetts on September 4, 2025. The woman on the phone said that complaints usually take 3 to 4 weeks to review. The attorney general's office sent me a letter on September 5, 2025 saying that they won't "take further action". Before I submitted the complaint, I called a couple of months ago and submitted a verbal complaint to an Asian man in the attorney general's office. When I called on September 4, 2025, the woman on the phone kept talking about how they can't listen to any complaints over the phone. I didn't even ask her if they could listen to my complaint via the telephone.

I believe that the federal government unlawfully told the State of Massachusetts to ignore me.

Humans evolved on Earth over the course of billions of years without any man made electromagnetic fields. Only within the past 120 years or so have man made electromagnetic fields existed, and only within the past 30 years have man made electromagnetic fields become common. Man made millimeter wave (mmWave) electromagnetic fields have become common only in the last 8 years or so. The effects of these higher frequency fields begin to blur the line between non-ionizing and ionizing radiation, especially in the context of delicate electrochemical reactions. Some people will try to refute this by saying that there is radiation in nature. Naturally occurring radiation is not the same as man made radiation. Keep in mind that all man made electromagnetic fields are polarized while most all non man made electromagnetic fields are not polarized. And this distinction matters in biology. The helical shape of the DNA molecule is very sensitive to polarized radiation. People are trying to find the cause of cancer, autism and neurological disease. Man made electromagnetic radiation, both ionizing and non-ionizing, along with other types of environmental pollution, have corrupted the balance in nature that has existed throughout evolution.

**I believe that it is wrong to build a society where people are unable to escape man-made electromagnetic and radiation emissions. I believe that humanity is diving head first into an unnecessary and dangerous experiment that has definitely already caused disease and death and that, additionally, could be severely detrimental to the long-term future of life and genetic diversity on Earth.**

## SATELLITE CONSTELLATIONS AND SATELLITE GROUND STATIONS MUST BE REMOVED. IN PLACE OF ELECTROMAGNETIC BASED SATELLITES, ONLY OPTICAL BASED SATELLITES SHOULD BE ALLOWED IN SPACE.

## ALSO, TERRESTRIAL CELLULAR NETWORKS MUST BE REMOVED AND REPLACED WITH OPTICAL BASED NETWORKS.

**THE U.S. GOVERNMENT ILLEGALLY USED ME TO LEARN HOW TO FURTHER DEVELOP THEIR METHODS OF SPYING ON PEOPLE THROUGHOUT THE WORLD. THEY WANT MY DNA TO MAKE MORE PEOPLE LIKE ME IN ORDER TO SUBCONSCIOUSLY MANIPULATE SOCIETY AND MANIPULATE POLITICAL LEADERS IN OTHER COUNTRIES AND IN THE USA.**

**THE USA HAS EVEN SAID THAT THEY WANT TO CLONE ME.**
**I WILL NEVER LET ANYONE CLONE ME.**

**IT WOULD BE BETTER TO PERISH THAN TO BE A SLAVE.**

**I ASK THE WORLD TO PLEASE SAVE THE PEOPLE OF THE USA. THE GOVERNMENT OF THE USA DOES NOT WANT TO SHARE POWER OR EXIST PEACEFULLY WITH RUSSIA OR ANY OTHER COUNTRY. THE U.S. GOVERNMENT HAS MURDERED INNOCENT AMERICANS ON PURPOSE TO EXPERIMENT AND GAIN POWER. THE USA CONTINUES TO COMMIT THESE CRIMES TODAY.**

**I BELIEVE THAT THE U.S. GOVERNMENT WAS WAITING FOR ME TO GET BRAIN CANCER MANY YEARS AGO.**

**YOU MUST NOT BELIEVE THE WORDS OF GOVERNMENT OFFICIALS. THEY LIE. THEY TOLD ME THAT THEY "WANTED TO MAKE Wi-Fi BETTER". WHAT THEY ACTUALLY WANT TO DO IS CONTROL SOCIETY, SUPPRESS DISSENT, AND PRACTICE LARGE SCALE EUGENICS, AND MANY OTHER EVIL THINGS.**

**EUROPE NEEDS TO WAKE UP AND DECOUPLE FROM THE USA AND CHINA AND ACT ACCORDING TO THE VALUES IT PROCLAIMS.**

*"Sunlight is the best disinfectant." -Louis Brandeis*

*"Science cannot solve the ultimate mystery of nature. And that is because, in the last analysis, we ourselves are a part of the mystery that we are trying to solve." -Physicist Max Planck*

**The U.S. Military, the Central Intelligence Agency, the National Reconnaissance Office, DARPA and other agencies and departments of the U.S. Government have been torturing me and illegally experimenting on me.**

**It's no secret that President Donald Trump has exhibited racist behaviors. Trump has surrounded himself with racist people. Racism is an evil plague on society. White extremist groups are evil.**

**Trump has used his office to spread racism. The USA already had a white supremacist problem before Trump's second presidency. History shows that nations in decline have a tendency to look for people to blame for economic problems. There are many good Hispanic and African and minority people who are hardworking and contribute to their communities. Trump's immigration enforcement policies are not good. The federal government should not decide the demographics of local communities. I believe that all ethnicities should be treated equally.**

**There are other mechanisms to enforce immigration policies besides the tactics that Trump is using.**

**I believe that this evil technology has been used to incite agitation and violence, especially among working class people.**

**There are many hard working and good people of color in the public sector and in the private sector. No one should use radiation as a way for control and retribution. Vengeance and retribution are entirely as bad as the things that they seek to avenge. There is no good that can come from what the U.S. government is doing.**

**I FEAR FOR MY LIFE. THE MILITARY HAS THREATENED MY LIFE AND THE LIVES OF MY FAMILY. THEY THREATENED TO BURN DOWN MY FAMILY'S HOUSE AND THEY ALSO THREATENED TO KILL MY ELDERLY MOTHER AND FATHER AND MY YOUNGER SISTER. I AM AFRAID TO GO TO THE POLICE.**

**THE MILITARY SAID THAT THEY WANT MY DNA. I REFUSED. THEY SAID THAT I "HAVE TO DIE SOMETIME".**

**Recently, a senator in Ohio has proposed legislation to take DNA samples of everyone at birth.**

**THE FEDERAL GOVERNMENT WANTS TO USE THE POPULATION'S DNA FOR CONTROL AND FOR THE CREATION OF SYNTHETIC LIFE.**

**Even if some people can't feel the effects of radiation, everyone's mind and body is being negatively affected.**

**Lawsuits are the last thing that I'm worried about. I don't have much anyway. In fact, I would enjoy a chance to put to the test what I say.**

**The federal government of the United States of America is illegally reading people's thoughts. This is one reason why Trump declared control of the Federal Communications Commission using an executive order. Trump and the federal government want to use the insurrection act to protect wireless infrastructure. The United States knew what China was doing with Huawei and TikTok. I asked them why they didn't stop**

**China from using this evil technology, and their reply was that "they wanted to keep the peace". That is complete bullshit. The United States didn't want to stop China because the United States government wanted this evil technology for itself.**

**The United States government said that they won't stop reading people's thoughts and brainwaves.**

**The electromagnetic based satellites and cellular infrastructure should be destroyed and new optical based satellites and cellular infrastructure should be used instead. Optical technologies that could replace electromagnetic based communications infrastructure already exist and are continuing to be developed. Some optical communications technology companies include Taara (free space optical terrestrial networks), Cailabs (free space optical space to earth satellites), and Signify by Philips (LiFi). There are even quantum GPS alternatives. The world no longer needs electromagnetic based communications infrastructure. Imagine a world where every light bulb provided internet access. And imagine a world where you could control where the light based signal went simply by closing a door or by using a light switch. Vehicles could be connected with terrestrial free space infrared lasers and also via free space optical satellites. In dense urban environments, the light based signal could be transmitted from streetlights, storefront signs, and even re-transmitted from vehicles. With light based communications, you would no longer be slaves like you are today. Optical communications technologies have existed for a while. I believe that the government has been trying to suppress the development of wireless optical communications technologies.**

**One of the people at the National Security Agency who was watching me had an Archbishop Spalding High School saved in his Google Maps locations. He also had a "Bryan and Jen's place" saved on a street near Waugh Chapel Way in Odenton, Maryland. He also had a placed saved in his Google Maps called the "Assessment Office". And he had Fort Meade listed as his "work" in Google Maps. I believe that the "Assessment Office" location that I saw on Google Maps was the Office of Net Assessment at the Pentagon.**

**Why would a conservative Republican president want to make it easier for people to smoke marijuana? It's because marijuana alters brainwave patterns. This makes it harder for China to read people. The United States government is using the population as cannon fodder in an unnecessary war. The government is hurting and murdering people and siphoning the souls of innocent Americans. The government should stop what they are doing and use light based technologies for communications.**

**Folic acid fortification is unnecessary and contributes to genetic changes in one carbon metabolism and enzyme protonation. Folate and folic acid makes some people more electrosensitive. I have a folate metabolism mutation. I believe that, in some people, folate metabolism mutations can increase radio sensitivity. This is one of the reasons why the government promotes unnecessary folic acid fortification in food. I believe that the United Kingdom is requiring folic acid in food to try to make people more radiosensitive.**

**Ion channels are what form the basis for brainwaves. Connexin hemichannels were discovered in the 1960s. The frequencies of connexin hemichannels directly match the frequencies of 5G infrastructure. The frequency of connexin 43, for example, is around 39 GHZ. I remember seeing the resonant frequencies of gap junction hemichannels in a table on a Google search. I tried to find that information online again but it disappeared. It was information from PubMed. The resonant frequencies of hemichannels can be calculated from picosiemens using impedance and conductance. The government physically hurt my heart muscle**

**using the cellular signal. When they attacked me, I couldn't breathe and I thought I was going to die. They said they could kill me and make it look like I had a heart attack.**

**I will never surrender.**

**They told me that "everyone else came running". I believe that the government has made people disappear. And they kept saying that they wanted me to go outside of the country. I refused. They also said that they are the reason why Hannah Kobayashi disappeared.**

**Another time, they turned the signal up so high that my stomach and intestines felt like they were being pulled out. I will find everyone who was involved. I believe the following is just one of many publications about their illegal research on me.**
**Nature.com/articles/s41586-025-09589-5**

**The government also told me that they are illegally using terahertz radiation to experiment on me in order to read my DNA conformation and amino acids. The government is planning to use terahertz radiation in 6G wireless infrastructure.**

**Wireless infrastructure is being used for illegal mass human experimentation.**

**The government said they want to look inside my head with a Thorlabs multiphoton microscope.**
**I REFUSED. They also kept showing me videos of brain surgery. And they kept playing the song "Zombie" with the lyrics "what's in your head".**

**A while ago, when I lived in North Andover, I noticed that the grass grew a lot where the dog urinated. So I thought I would make my own urine based fertilizer. By the way, a lot of human waste from sewer systems is used as fertilizer. I left some urine in a bottle under the porch. It was there for about 4 years. I don't think there's much DNA left in those bottles, but the government said that they stole a bottle and recovered fragments of my DNA. I'm worried that with those fragments, in combination with the partial genome sequencing on 23andme, and with reading of parts of my DNA using terahertz radiation, that the government would be able to guess what the rest of my DNA is.**

**The frequencies of WiFi and cellular networks were not chosen by accident. I always got terrible migraines from 5 GHZ WiFi which came out before 5G cellular infrastructure. The government used WiFi frequencies and 4G LTE frequencies to sensitize people to the higher frequencies of 5G.**

**You may have heard some people say that non-ionizing radiation can't cause cancer because it doesn't have enough energy to break hydrogen bonds in DNA. That is incorrect. Breaking hydrogen bonds is not the only way that cancer is caused. There are a lot of delicate genetic enzymes that are easily disrupted by non-ionizing radiation. The epigenome and methylome are very sensitive to environmental changes. Over time, too many environmental changes causes the epigenome to change. Some people get cancer and die. Some people get cancer and live. Other people, like me, didn't get cancer and they become hypersensitive to radiation.**

**If you have been getting pains in your head, that is how the government "finds" your resonant frequency in one part of your brain. Then they use that to methodically keep testing other parts of your brain to make a neural frequency map. Everyone's connectinomics patterns are somewhat different. But they have been doing this for so long that they already know mostly everyone's patterns.**

**I can prove what is happening by using an oscilloscope. Unfortunately, oscilloscopes in the frequency ranges of 5G are very expensive. I have told some radio astronomy organizations in various parts of the world what is going on, but they can only track signals from space. Terrestrial networks are much harder to monitor because they are more localized.**

**I try to block out the frequencies, but because they are such high frequencies they reflect off of many objects and come from many directions.**

**Using images is one way that they try to influence people. Even if your eyes are open and you can't see the images, you are still being influenced.**

**https://www.sciencedirect.com/science/article/pii/S2665963824000782**

**And something else illegal that the government is doing is they're using small cell antennas to watch you inside your house. They subtract the signal strength between two antennas to detect motion. The government has connected all the antennas to their artificial intelligence behavior pattern recognition systems to look for more people to illegally experiment on. The government also illegally experiments on people who have anxiety, obsessive compulsive disorder, neuroticism, tourettes, misophonia, mental illness, schizophrenia, pareidolia, lewy body syndrome and more. The government also illegally experiments on people who pray a lot, like Muslims and others.**

**One of my many health concerns is that I am seeing a lot of white spots in my vision. I believe that this is being caused by particular radiation frequencies interacting with the optic nerve. I am scared to lose my vision, especially since my father had melanoma on the optic nerve. The government is also illegally experimenting on my parents and my sister.**

**The government is responsible for the rise in brain cancer, neurological disease, mental illness and people's messed up hormones. I have also seen many people become very skinny and also overweight.**

**Enzymes, like Dimethyl nucleotides (abbreviated as “DMNTs”), are particularly vulnerable to non-ionizing radiation, particularly in an energy sensitive electrochemical stage called the transition step.**

**The government told me that there is “No Jesus, just God”.
My religion is Roman Catholic.**

**The U.S. government said that they want my DNA for many reasons. One of those reasons is because they said that someone who was getting as many migraines as me, and who is as radiosensitive as I am, would typically have brain cancer. I don't think that I have brain cancer. I saw something about China finding some kind of radiation immunity using water bears. The U.S. government also said that they want to use my genes for spying on everyone’s thoughts and for making soldiers and for developing genetic immunity to radiation.**

**You should know that the United States government has a history of conducting unethical and illegal radiation experiments.**

**The government told me that they would “bring me someplace where no one else gets to go” and that they would “give me drugs to make me forget.” I refused.**

**They said that they would run a smear campaign against me. I never did anything wrong. They will try to say that I'm crazy. I'm not crazy. The government's intentionally harmful use of radiation since I was a child is why my life has been so challenging. The government ruined my health and they made me, and so many other people, miserable. Those bastards should go to hell.**

**It has taken me a while to build up the courage to talk about this. I realized that I could not live with myself if I were to remain silent. It is wrong for a government to have so much control over people's lives and thoughts.**

**Sometime earlier this year, I remember seeing a news article about an intelligence officer named Joseph Daniel Schmidt who sent top secret information to China about the plans of the United States government. According to a news article that I read, Schmidt said that he morally objected to the plans of the United States government.**

**Another officer who leaked information to China is named Korbein Schultz, who is from Texas. There was less information in the news about him. I believe that one of the military bases where people who I was communicating with is near San Antonio, Texas.**

**Recently, the government said to me that they "figured me out". I believe that means that they figured out my pattern, which they haven't seen before in other people. The frequencies and modulations they were using didn't match my brain, and severely hurt me for a long time. They played a song called "10 years of echos".**

**They called me "ET" and a "freak". They played a song with the lyrics "I got Elon on my left and ET on my right". They said that I was the "perfect girl" and they called me "Medusa". They kept calling me a "girl" because they said that my brain patterns were similar to those of a female. When they hurt me they said "big girls don't cry". I have a lot of screenshots.**

**I will fight the government and this evil technology until my last dying breath. I will destroy everyone who is involved with this evil technology.**

**The federal government of the United States of America is still illegally experimenting on me even though I have repeatedly told them to stop. President Trump is aware of what is happening.**

**I have more information. More information is coming soon.**

The Department of Defense and the United States of America have illegally conducted radiation experiments on me against my will. I repeatedly told them to stop, but they did not stop. They are still committing crimes against me today. They are using cellular infrastructure, ultrasound technologies, and wireless brain-computer interfaces to illegally experiment on and torture me and other people who have radio sensitive health conditions. The federal government and the military have threatened to kill me and my family. The police department in Arlington, Massachusetts is illegally working for the federal government. The military told me that I cannot have an attorney. I request an investigation by the State of Massachusetts. There is more information that I need to add to this complaint. There are additional crimes that the federal government and the military have committed against me. I live at 20 Foster Street in Arlington, Massachusetts. I request Massachusetts State Police protection.

**In the coming days, I plan to add to the Google Drive and Proton Drive folders the following:**

- **Scientific articles**
- **Names of other radiosensitive persons who I believe that the government has already experimented on and who it wants to experiment on.**
- **Audio and video recordings of people who followed me in public.**
- **Audio recordings of my communications with people who I believe were trying to manipulate me.**
- **An audio recording of my visit to the eye doctor regarding eye pain which I believe was related to radiation and folate. The pharmacy never got the prescription that the doctor prescribed. The doctor later canceled the prescription.**
- **And more details and information.**
